WASHINGTON, April 25. (AP)—Representatives of the engineering profession gathered for lunch at the White House today to present to their fellow-engineers, Herbert Hoover, the John Fritz medal, awarded annually for "notable scientific or industrial achievement."

The decoration is sponsored jointly by the American Society of Civil Engineers, the American Society of Mechanical Engineers, the American Institute of Mining and Metallurgical Engineers, and the American Institute of Electrical Engineers. The presentation today was made by J. V. W. Rynders, chairman of the Board of Award of 1927. Quoting from the certificate of the award, he declared that the medal was given "to Herbert Hoover, engineer, scholar, organizer of relief to war-stricken peoples, public servant."

Mr. Hoover in a few words expressed his thanks and appreciation.

Dean Dexter S. Kimball of the college of engineering, Cornell University, presided and gave a brief history of the medal, naming among those who have received it as Thomas A. Edison, Guglielmo Marconi, Orville Wright, Alexander Graham Bell and George W. Goethals.

HUTCHINS GETS COVETED CHAIR

Yale School Dean to Head Chicago University

Youngest Man Ever Chosen for This High Place

Successor to Max Mason, Who Quit Last June

CHICAGO, April 25. (Exclusive)—Robert Maynard Hutchins, dean of the law school at Yale University, has been appointed president of the University of Chicago. This was announced today by Harold H. Swift, president of the board of trustees. Mr. Hutchins is the youngest man ever invested with that high position; he is only 30 years of age. He takes office at the university on July 1, next.

The new president succeeds Max Mason, who resigned last June to become director of the division of natural sciences at the Rockefeller Foundation. He will be, when he dons the robe, the youngest head of any major American university.

The new president comes of old New England ancestry and from a family which is active in education. William James Hutchins, his father, was graduated from Yale and the Union and Oberlin theological seminaries, and now is president of Berea College, Kentucky.

Mr. Hutchins' younger brother, Francis, 28 years of age, is head of "Yale-in-China," and an older brother, William, is master in the Westminster School at St. Albans, Ct.

EDUCATOR WINS EXECUTIVE POST

Robert Maynard Hutchins

prominent in many student activities. He was captain of the Yale debating team, a member of Alpha Delta Phi, of the Elmsbethan Club and the Senior Society of the Wolf's Head. He was honored by election to Phi Beta Kappa, the honorary scholastic fraternity and to Delta Sigma Rho, honorary debating society.

He was self-supporting as a student. One of the means by which he paid his own way was the organization and management of the Co-operative Tutoring Bureau, a group of student tutors.

Mr. Hutchins is a member of the Congregational Church. He was married in 1921 to Maude Phelps McVeigh, daughter of Warren McVeigh of the New York Sun. They have one child, a daughter Frances, 3 years of age.

LA FOLLETTE UNVEILING CONDUCTED

Life-Long Friends Gather With Other Notables as Nation Accepts Figure

WASHINGTON, April 25. (AP)—A statue of the late Senator La Follette, the gift of his native State of Wisconsin, was unveiled today in Statuary Hall.

Grouped around the statue during the ceremony were many of his intimate friends who had followed his tempestuous career, among them Gilbert E. Roe, New York attorney, who assisted the Senator in many of the investigations he conducted; Claude G. Bowers, editorial writer for the New York Evening World and Democratic keynoter at the last convention, and his two sons, Philip P. La Follette and Robert M. La Follette, Jr. Mrs. La Follette, the widow, was detained in Madison, Wis., and could not be present.

The statue was presented by Senator Blaine of Wisconsin and was unveiled by Robert La Follette Bucher, grandson of the Senator, and Marion Montana Wheeler, daughter of Senator Wheeler of Montana, who was La Follette's running mate when he ran for President in 1924.

The statue depicts the Senator in a typical fighting mood, seated in a chair and about to spring from it as he so often did on the floor of the Senate.

WOMAN IN MALE POSE SENTENCED

LONDON, April 25. (AP)—Mrs. Irma Valerie Arkell-Smith, London's woman masquerader who for many months passed as a "man about town" under the name "Col. Barker," was sentenced to nine months imprisonment at Old Bailey today on a charge of perjury in causing a false statement to be entered on the register of her marriage with another woman.

The woman pleaded guilty to this charge yesterday, but not guilty to a second charge of perjury in falsely representing herself as a retired colonel in the British army.

HUNTINGTON PALISADES

"on Santa Monica Bay"

ARCHITECTS find an inspiration to achieve their most altruistic creations in Huntington Palisades on Santa Monica Bay.

Nature has endowed her fairest charms with a lavish hand. A gorgeous marine view... vistas of sheltering rugged mountains... foregrounds of verdant canyons... a lacy net of half-century old trees... and a climate that surpasses that of Southern Italy.

...and to this, man has added the finest of modern improvements. These are completed and paid for.

It is indeed the atmosphere of art... and architects are happily capitalizing it in homes that fittingly complement the surroundings.

Huntington Palisades cannot help but be the residential masterpiece of the Southland.

...yet there is no premium exacted for the privilege of living here. Large and sightly homeplaces are advantageously priced for those who BUY NOW.

SLAYER OF ATTORNEY GIVEN LIFE SENTENCE

CENTREVILLE (Iowa) April 25. (AP)—George Donavich, 48 years of age, a minor, today pleaded guilty to the slaying of his attorney, D. Fulton Rice, former State Representative from Appanoose county, who was killed on the Courthouse steps, February 23, last. He was given a life sentence.

NEW BOMBINGS Jar Chicagoans

CHICAGO, April 25. (AP)—Two bombs, one of which drove fifty families to the street and injured one person, exploded during the night.

The first explosion was in a vacant flat building on the near northwest side and may have been caused by union troubles. It resulted in 4000 damage.

The second bomb, a black powder contraption, was tossed from a passing automobile at the Alyce Apartment-Hotel, it exploded beneath the apartment in which Elmer Sweeney, a packing company worker, was asleep. He was cut by flying glass. Everyone in the building was shaken and rushed to the streets.

Jail Break Bill Gets Approval

SACRAMENTO, April 25. (AP)—Jail breaking will become an offense in proportion to the offense for which the offender is imprisoned, under terms of a bill passed by the Assembly today.

Introduced by Assemblyman Woolwine of Los Angeles, the bill drew stiff opposition, chiefly from Assemblyman Feigenbaum of San Francisco.

Woolwine said that the measure is designed to right a situation which makes it possible for a convict serving thirty days on a road camp for speeding to serve one year or more in San Quentin as a penalty for "wandering away" from the camp.

Federal Bomb Drops on "Rushing" Troop Train

(Continued from First Page)

Naco. They were detained and brought to the rest of the way to Agua Prieta in trucks. The Federal aviators at Naco claim to have dropped a bomb into the middle of the train while it was half way between Del Rio and San Jose; they probably were trying to drop a bomb on Mexico City or Hermosillo, but they say they hit the train. They saw one of the new 100-pound TNT bombs strike the middle of the train. It parted and soldiers climbed out running for their lives to chaparral.

HEADED TOWARD PASS

The soldiers finally landed safely in Agua Prieta. Part of them were sent on to the Pulpito Pass to head off Almazan. The rebel cavalry, now skimming along at Pulpito, are regarded as the flower of the army. They haven't fought anybody yet but they can hold something fierce. There is much ground for believing that Almazan expects to eliminate all these troops from the revolution when he comes through the pass. He is approaching with a cannon in one hand and an olive branch in the other.

The announcement of his candidacy for President as he started his army through the pass was significant. The rebels all profess to be in revolt against Calles rather than in revolt against Mexico. Almazan himself never has been an adherent of Calles. Almazan obviously is banking on the same feeling that made Cornwallis surrender to the French instead of the Americans at Yorktown.

MAIN REBEL ARMY

FLEES NAVJOJA UNCHECKED

MEXICO CITY, April 25. (P)—The main insurgent army in Southern Sonora proceeded northward in unchecked flight from the advancing Federalists today. Following upon their earlier abandonment of entrenched positions at Matamoros, they evacuated Navjoja, twenty-five miles north, at noon. The Federalists occupied in five hours later.

TEXAS FLYERS

HELD BY GOVERNMENT

TOULON (Ariz.) April 25. (P)—W. L. Mitchell and Pete Stanley, American aviators from Big Springs, Tex., arrested here last night by Federal officers on the charge of having transported an airplane.

NATION'S TABLE GIVEN PRAISE

American Housewife Landed in Bureau's Survey for Improvement

WASHINGTON, April 25. (P)—The National Bureau of Economic Research, after a year's survey, reported today that it "commends in high terms the table the American housewife sets before her family."

"Never before," the report declared, "was it so aesthetically attractive, never more varied, never more palatable." The investigation was made on behalf of the committee on recent economic changes of the President's unemployment conference, of which President Hoover is chairman.

across the international line into Mexico, to be used as a weapon of war by rebels in Sonora, were held under bail of \$2500 each when arrested this afternoon before a United States commissioner.

Mrs. Thaden to Fly for Joy Only

PITTSBURGH, April 25. (P)—Mrs. Louise McPhetridge Thaden will not attempt to recover her laurels as holder of the women's endurance flight record, taken from her yesterday by Elinor Smith, 17 years of age, of New York.

Instead, Mrs. Thaden will confine herself to pleasure flying, she said today upon arriving here to join her husband, a local airplane designer.

Danish Cabinet Offers to Quit

COPENHAGEN (Denmark) April 25. (P)—Premier Madsen Mydøl tendered the resignation of his Cabinet to King Christian today in compliance with yesterday's election results, which failed to give his party, the Liberals, a majority in Parliament.

He was asked to continue in office until a new Cabinet could be formed.

Diphtheria Curb French Bill Aim

PARIS, April 25. (P)—A bill to make diphtheria inoculation compulsory throughout France was introduced in the Chamber of Deputies today by Deputy Guernut.

ALIENS OPERATE PASSPORT MILL

Admission Documents Being Forged Wholesale

Fraudulent-Visas Trade Doubles in Year

State Department Adopts Remedial Measures

WASHINGTON, April 25. (P)—Wholesale and constant forgery and counterfeiting of documents to obtain the admission of aliens into the United States have been brought to the attention of the State Department.

The forged documents against which the department now is building a vigilance system include American passports, passport visas, birth certificates and papers to be presented by aliens for permission to enter the United States.

Forgery of American passports alone, in so far as it has come to the attention of the State Department, has doubled this year as compared with previous years. While the number of forged passports is only an exceedingly small percentage of the total number of 186,000 issued the present figures show that the trade is growing.

Forged American passport visas are unofficially estimated at about 100 annually. The American consular officials abroad issued 269,500 visas to foreigners desiring to enter the United States last year.

Still more serious is the forgery of documents, such as birth certificates and family records to prove citizenship in a country other than that in which the applicant for a visa was born. Through the efforts of one American Consul abroad, a document "forgery mill" was uncovered recently in one European country and seventy persons were found to have been permitted to enter the United States under fraudulent papers made in the "mill."

Most of the forgery of passports was said at the State Department to be done to obtain the uninterrupted admission into the United States of "undesirable aliens" or prospective immigrants whose turn to enter the United States under the quota of their countries will not come for many years.

The major operations of forgers are confined to those nations whose quotas and waiting lists for immigration into the United States are filled for many years ahead.

Special steps already have been taken by the department, in conjunction with the departments of Justice and Labor, to deal with the situation. The result has been that many cases of false passports recently have been apprehended either at the port of embarkation or at American ports.

WING CHAIR

"JUMPY NERVES ARE DANGER SIGNALS TO US"

RAILROAD MEN TELL CIGARETTE PROBERS

Investigators Find Tareytons Outstanding Favorite Here

"STEADY NERVES" THE REASON GIVEN

PHILADELPHIA, PA.—It's another scoop for Tareytons. Another victory. In a railroad check-up just completed, they're outdistancing the field in cigarette popularity. That's today's big news in the rivalry for cigarette supremacy. Tareytons have won again with sensational sales increases.

Trained investigators searched out the facts. In scores of cities. Along the routes of four of the largest Eastern railroads.

CLEAR TRACK AHEAD. Switchman Frank Metosh gives a freight the main line after the limited has passed. Yes, that's a Tareyton he's smoking!

PASSENGERS, TOO! "Tareytons are getting popular on these trains," says Porter James Abrial. "More and more folks ask for them. Guess everybody wants steady nerves."

NO NERVES HERE! No Sir, these Railroad Men aren't taking any chances with jumpy nerves. They stick to Tareytons... and won't smoke anything else. Picture was made by photographer during recent probe.

Surely, it's worth a test. Try Tareytons for 7 days. Then see if you don't notice a marked improvement in the way you feel. Will you start today?

Make A Conclusive Test

Here's an interesting experiment that will help you pick the best cigarette.

Remember... one cigarette smoked right after another won't tell you a thing. It takes several days... a week at least... really to pass honest judgment on a cigarette.

So when you stop in at the nearest tobacco store... buy a carton of Tareytons. A full week's supply. When you decide to change brands, make your test conclusive!

now 15¢
for twenty

5 REASONS for Tareyton's success. 1. "Steady Nerves." 2. Humidor Package. 3. Heavy Foil. 4. Quality Tobacco. 5. Sealed Perforated Top. That's why there's no dryness.

A TAREYTON smoker that doesn't worry about jumpy nerves.

NAVY FORMULA TO BE DELAYED

Memorandum Will Not be Given Powers at Once

Army Parley May be Merged With 1931 Meet

America and Britain Discuss Cruiser Problem

GENEVA, April 25. (AP)—The American delegation to the preparatory commission for a disarmament conference has decided against immediate delivery to Great Britain, France, Italy and Japan of the memorandum now being prepared to explain the technical purport of the American formula of equivalent tonnage.

It was deemed wiser to circulate the memorandum only on the eve of discussion of naval questions by the preparatory commission. The American experts have been working on the memorandum since Ambassador Hugh S. Gibson disclosed the general terms of the American policy.

Another development on naval matters was the distinct drift of both British and American delegations to the belief that the proposed naval conference had better be merged with the second Washington naval parley due in 1931.

By this arrangement the five great naval powers can mold a treaty for reduction in cruisers, destroyers and submarines while re-examining requirements of modification of the Washington treaty on battleships and aircraft carriers.

GIANT SHOOTSELF FOR LOVE

Operating Table at Hospital Breaks Down and Beds All too Small

BUDAPEST (Hungary) April 25. (AP)—Mathias Such, a butcher, weighing 490 pounds and frequently described as the fattest man in Europe, shot himself today for love of a woman one-fourth his weight.

Such, who is 6 feet 7 inches in height, had to be taken to a hospital in a motor car, as no ambulance would accommodate him. At the hospital his weight broke down an operating table, and no bed could be found large enough to accommodate him. He is not expected to live.

In the light of scientific development.

Observers here tonight debated whether an understanding between Great Britain and the United States might not first be sought on the subject of cruisers. In British circles it is believed that if cruiser proportions are settled the remainder of auxiliary warcraft questions can be disposed of.

Although no negotiations have been started it would not astonish observers if the British admiralty and American naval authorities later quietly get together on this problem. England foresees no difficulty in arranging naval matters with France after she has reached a preliminary understanding with the United States.

BRITISH DINNER NOTABLE

Toast to Anglo-American Amity and Eulogy to Dawes Feature Annual Event

LONDON, April 26. (Exclusive)—The important declaration of Anglo-American amity and the beneficial effect on future world peace by the Marquess of Reading, the receipt of a cordial message from President Herbert C. Hoover and the eulogy of Gen. Charles G. Dawes, new American Ambassador to the Court of St. James, combined to make the ninth annual reunion dinner of British official missions to the United States, held at the Mayfair Hotel last night, more noteworthy than usual.

In the absence of Gen. Dawes, between the two countries should always remain friendly.

"Ambassador Hugh S. Gibson in his recent message at Geneva showed the wide vision and humanity of the President in speaking for the United States. What the President proposed is a solution of the problem of reduction in armaments which will not only affect our own country but must affect the world and consequently must make its impression upon the future peace of the world."

The Marquess emphasized that the most cherished desire of the people of England is for peace; not only peace among themselves but peace with all nations.

MESSAGE READ

"President Hoover sends his very cordial greetings to the reunion dinner. He knew many of you personally during the strenuous days of the war when America was preparing to take its part, and is particularly glad you are so finely continuing the important work of maintaining and strengthening Anglo-American understanding."

The Marquess of Reading, acknowledging the toast, declared that British official missions in the United States would always have a feeling of abiding and profound gratitude to the United States for all the valuable assistance it gave when members of the mission were there, and for their splendid hospitality.

"Many of us had the pleasure of making Gen. Dawes's acquaintance. The public service Gen. Dawes rendered not only to the United States but to the world generally, in the difficult problems of reparations will assure him a most hearty welcome from us."

DESIRE FOR PEACE

In England, continued the Marquess, there is little doubt of the great desire that the relations be-

to Visit this Beautiful Estate Residence

Vista del Lago
Overlooking Lake Hollywood

VISTA DEL LAGO has been erected in the beautiful rolling green hills of the newly opened Hollywood Knolls Estates, to demonstrate the unusual and interesting possibilities offered home builders in this fortunately located property.

The charm of old English country side and the seclusion of an early California Hacienda have been combined in this magnificent home and its surroundings. From the patio, the view on the north presents a background of rolling knolls beribboned with wide winding drives that lead by gentle grades to the homes on the crest; to the south and west one looks out over Lake Hollywood to the wide expanse of the city just beyond. It may be hard to believe that such a haven of rest and comfort is but a convenient five minute ride from the congested, ever-moving, never-quiet city.

Those to whom the ideals of home and living mean much will find unending pleasure in a visit to Vista del Lago. The interiors were designed and executed under the direction of Paul Francesco Lupo, famous decorator, and the furnishings and hangings present a veritable exposition of the craftsmanship and artistry of Los Angeles manufacturers.

Vista del Lago will be open to visitors between the hours of 11 to 4 for the next few days only. Simply follow the direction map below and drive right up to the house, or call Granite 8551 for any further information.

How to Reach Vista del Lago
Proceed from Hollywood Blvd. north—on Highland

or Cahuenga to Hollywood Way, then right to Lake Hollywood Drive.

Announcing J. J. HAGGARTY'S 27th DAY SALE Saturday, April 27th

Mrs. Arthur M. Hyde grew up on a farm and loved it. She married a "city boy" and adapted herself gracefully to urban life, but she never lost interest in the country and the things thereof.

Today she manages four thriving Missouri farms of her own, and until recently she advised her husband in the management of another farm of 500 acres which he then owned.

IMPROVES FARMS
 Mrs. Hyde had just launched a farm improvement program on her properties when word came of the appointment of the former Missouri Governor as head of the Department of Agriculture.

Mrs. Arthur M. Hyde

VANCOUVER AND PRINCE RUPERT TO ALASKA

WIFE MANAGER
Mr. Hyde liked farm life, too, but only as an avocation. He was too busy in public service to devote much time to the Hyde farm properties. So Mrs. Hyde gladly assumed management of them. Her early farm training stood her in good stead, and she has been a complete success as a professional farm supervisor.

It has been said that one of the problems of agriculture is to teach the farmer how and when to market his goods. Mrs. Hyde needs no such instruction. She knows how to adjust her supply of products to the

AMAZING RESULTS ARE PRODUCED BY SARGON

Thousands of Sufferers Say Results Are Almost Unbelievable—Sense of Physical Well-Being and Mental Alertness Replaces a Dragging Body and Depressed Mind in Most All Cases of General Debility Due to Improper Assimilation, Impaired Digestion and Poor Elimination, as Well as Blood,

WORTH—El Centro

PURE-BRED CATTLE
 One of her farms is stocked with pure-bred Guernsey cattle, which Mrs. Hyde selected herself from prize herds in the Middle West. She is an admirer of fine stock and keeps herself informed regarding the best herds and modern methods of stock raising.
 One of Mrs. Hyde's first acts after the inauguration was to visit the Department of Agriculture greenhouses and inspect the rare flowers. She learned with pleasure that one of her official duties was to serve as "flower hostess" at the department's amaryllis and chrysanthemum shows.

WHEN Sargon, the celebrated new medicine recently introduced in this city, is given to people who are suffering from what is commonly known as a rundown condition, impaired digestion or improper elimination, the following improvement is noted in the majority of cases:
 The appetite increases, the complexion clears; gas, bloating and hyperacidity are overcome; constipation disappears and a sense of physical well-being and mental alertness replaces a dragging body and depressed mind.
 All this is accomplished by stimulating and invigorating to more normal action three vital organs and fluids of the human body upon which good health so largely depends. These are the liver, blood and endocrine glands.

FRUIT FLY FUND ACTION TODAY

House Will Take Immediate Steps to Aid Florida

Committee Hearing Slated to Precede Session

Preparations for Quarantine Pushed by Officials

WASHINGTON, April 25. (AP)—The House will devote itself tomorrow to consideration of the resolution to provide \$4,250,000 for the eradication, control and prevention of the spread of the Mediterranean fruit fly. With the farm-relief bill out of the way, House leaders decided to give immediate consideration to the problem of exterminating this pest, which was discovered near Orlando, Fla., recently.

The resolution was received only today and hearings are to be held on it by both Appropriations and Agriculture committees tomorrow morning, prior to the House session. At the same time the plant quarantine and control administration of

ONE INMATE SCORN TO SEW

Equipment at Reformatory Will Be Transferred To San Quentin

SACRAMENTO, April 25. (Exclusive)—Sewing today was ordered removed from the list of subjects taught incorrigible youths at the Preston Reformatory School at Ione by E. E. Jensen, State Director of Institutions.

All of the sewing equipment is to be transferred from the reformatory to the woman's ward at San Quentin prison, where, Jensen believes, it will be put to better use.

"The boys never did take to sewing," remarked the director, "they don't see any future in it for them."

the Department of Agriculture hurried preparations for an embargo on fruits and certain vegetables from the infested area.

Dr. C. L. Mariatt, chief of the Quarantine Bureau, says he hopes to complete his study of the proposed embargo today and place it in effect tomorrow.

HOUSE RESOLUTION

The House resolution, introduced by Acting Chairman Wood of the Appropriations Committee, would provide that the \$4,250,000 unexpended balance of an appropriation of \$5,000,000 made last year to fight the pink boll worm be made available to the Secretary of Agriculture until June 30, 1939.

In the meantime reports from agents in Florida to the Department of Agriculture indicate that activities of State and Federal officers are having a good effect.

The grove near Orlando in which the pest was discovered has been completely cleaned of fruit and the trees sprayed with poison. A State quarantine has stopped completely the movement of fruit in bulk out of the State, while all fruit moved in regulation containers out of the area thought to be infested is being given a thorough inspection.

QUARANTINE SCOPE

The quarantine board today indicated that practically all green vegetables and all citrus fruit in the area known to be infested will be barred from interstate shipment. The area of control is to extend some distance from the infested area and only such fruits and vegetables known to be free from the pest will be allowed to move in interstate shipment. It is not thought that it will become necessary to place a complete embargo on all fruits and vegetables from the State of Florida.

The spread of the fly is regarded in government circles as the gravest threat to agriculture the South has had.

Practically every fruit and vegetable grown in the cotton States is subject to the fly, including cotton itself.

Representative Ruth Bryan Owen, Democrat of Florida, will appear at the hearings tomorrow to present the case of the district now infested with the fly.

Plane Passes Persian City

LONDON, April 25. (Exclusive)—Early this morning the British Air Ministry announced the receipt of an official report that the Royal Air Force monoplane which set out Wednesday morning to attempt to break the world's nonstop and long-distance flying record had passed over Bushire on the Persian Gulf at 7:45 p.m. British summer time, on Thursday.

Bushire is just over 2000 miles from England. The airman therefore had another couple of thousand miles to reel off before they reached their destination at Bangalore, Madras. They had been in the air thirty-three hours.

CONTRACT GIVEN FOR SAN DIEGO NAVY WORK

WASHINGTON, April 25. (AP)—The Navy Department today announced award of a contract for \$1,113,000 to the Austin Engineering Company of New York City for construction of a bulkhead and piling at the Naval Air Station at San Diego. Plans and specifications, it was announced, also have been completed for construction of a reinforced concrete and brick barracks to house 250 men at the naval air station, San Diego, Calif. Funds in addition to the \$227,000 already made available for this station by Congress will become available on July 1. They will provide for construction of an engine overhaul shop, aircraft overhaul shop, a seaplane runway, a storehouse and a power house and a distributing system.

BITS OF NEWS FROM "TIMES" WANT ADS

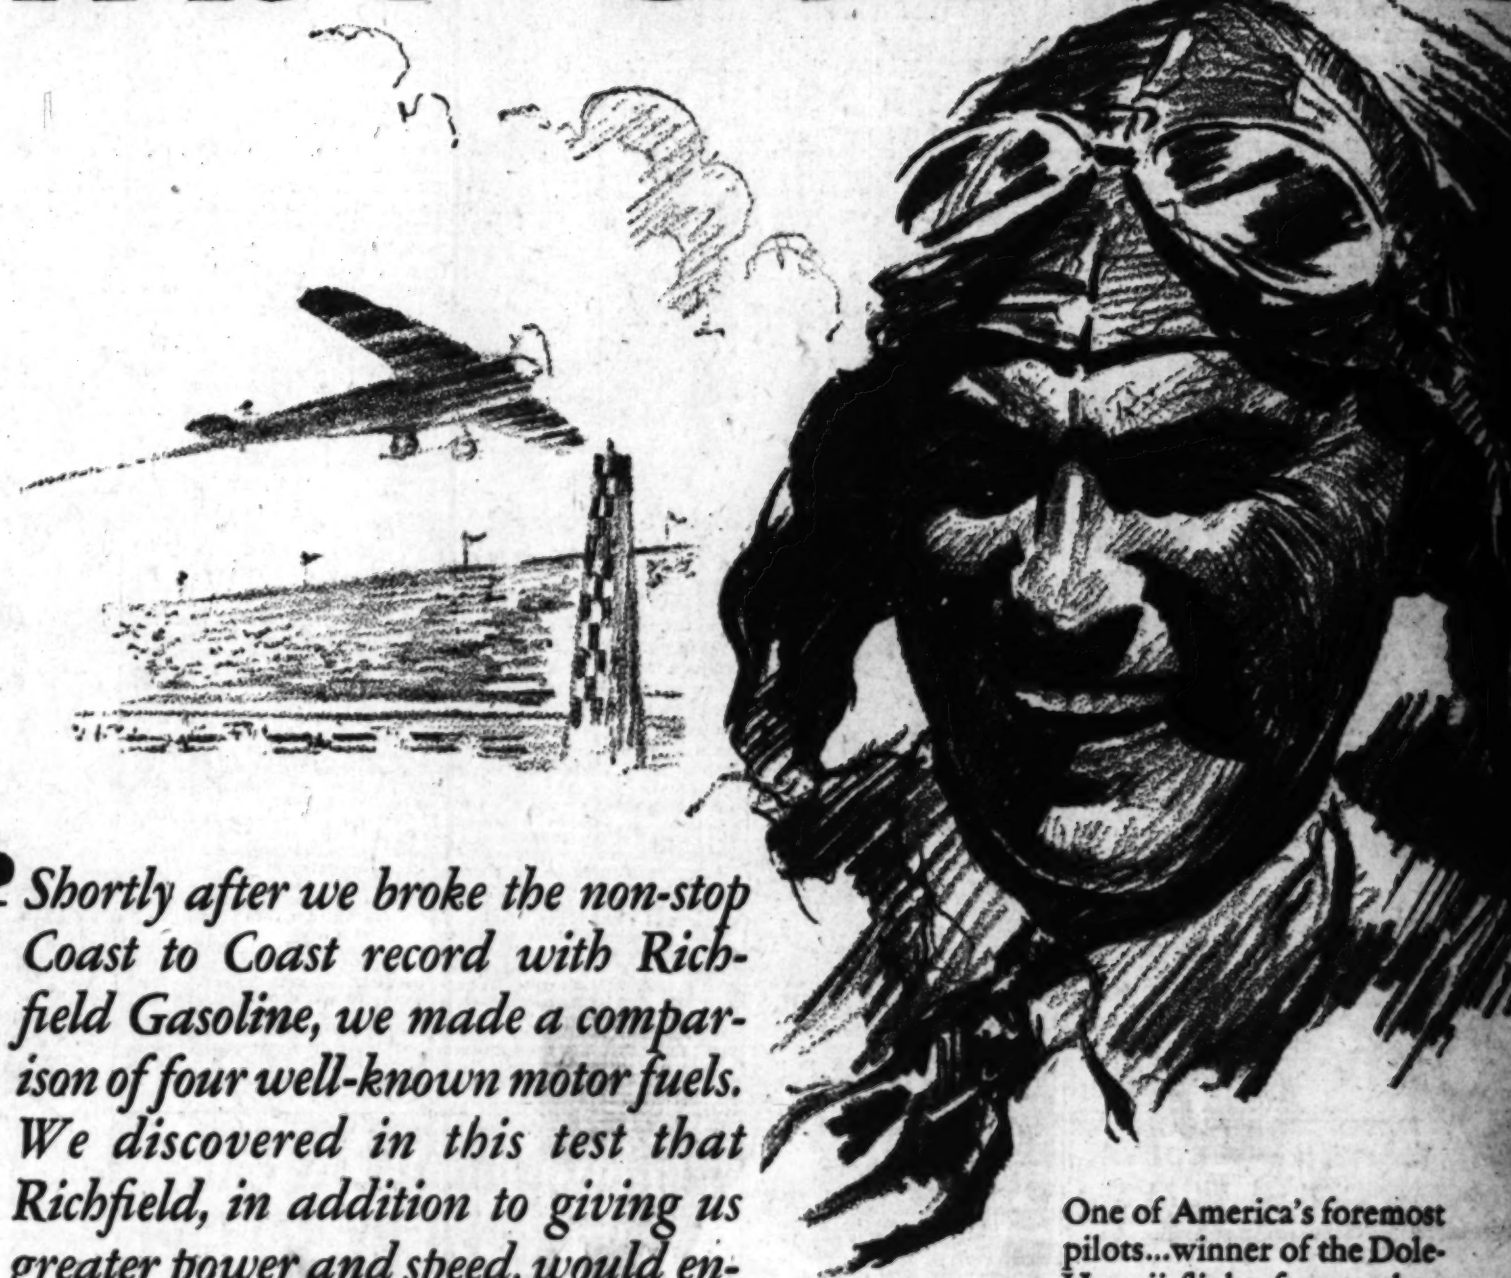

If you're hunting for a nicely furnished home out near the Fairfax High and Grade School, this six-room Spanish bungalow should appeal to you with its large living-room, including baby grand piano—two bedrooms, patio, large closets, tile bath and shower, double garage, lawn front and back, with water and gardener included in the \$80 monthly rental.

This sounds like a furniture bargain: 10-piece colonial style mahogany dining set; for \$85—a five-piece mahogany bedroom set, also colonial, for \$90—and a mahogany bookcase for \$29.

For quick sale, owner will make attractive price on his Lincoln sport touring car, equipped with hydraulic brakes and six wire wheels.

What Famous Users Say About Richfield

ART GOEBEL

Shortly after we broke the non-stop Coast to Coast record with Richfield Gasoline, we made a comparison of four well-known motor fuels. We discovered in this test that Richfield, in addition to giving us greater power and speed, would enable us to remain in the air two hours longer per one hundred gallons than any of the other fuels. Naturally, we used Richfield in our most recent victory, the Los Angeles to Cincinnati non-stop race.

Goebel adds his tribute to those of dozens of other leaders in the field of motordom, who endorse and use Richfield products—such men as Harry Miller, Fred Duesenberg, Anthony Fokker, Allan Loughead, Harry Hartz, Captain Wilkins and Ralph Snoddy—men whose achievements as designers and pilots are internationally recognized.

Richfield's qualities—proved in grueling competitive events—are the same qualities you need in your own motor car—instant power, speed and acceleration without loss of mileage. What gasoline do you use?

One of America's foremost pilots...winner of the Dole-Hawaii flight; first to shatter the Army's five-year old transcontinental record and winner of the Los Angeles to Cincinnati non-stop race

RICHFIELD

HOOVER OUSTS HEAD OF BOUNDARY BOARD

WASHINGTON, April 25. (AP)—President Hoover has asked for, and obtained the resignation of Clarence D. Clark, former Senator from Wyoming, as chairman of the International Joint Commission, which handles a number of boundary and other matters between the United States and Canada. The Chief Executive has not yet selected a successor to Mr. Clark, who is 78 years of age.

AIR-RAIL SYSTEM WILL MOVE OFFICES

NEW YORK, April 25. (Exclusive)—Transcontinental Air Transport, Inc., which is to operate the air-rail system between New York and Los Angeles in co-operation with the Pennsylvania and Santa Fe railroads, will remove its main offices from Washington to St. Louis on May 1, next, according to an announcement from the offices in Washington. Col. Paul Henderson, who has been in active charge of preparing for the start of opera-

CARDINAL DEDICATES NEW FAITH BUILDINGS

ROME, April 25. (AP)—The new buildings of the congregation for propagation of the faith at Villa Gabrielli on Janiculum Hill, the money for which was loaned by Cardinal Mundelein's Chicago archdiocese, was dedicated by Cardinal Van Rossum, prefect of the congregation, today.

Bids Called on Highway Work

SACRAMENTO, April 25. (Exclusive)—Bids on three southern highway projects, to be opened at the office of the State Division of Highways here May 22, were called today by Bert B. Meek, director of public works.

In San Diego county, the State will grade 4.5 miles of the San Diego-El Centro highway between La Posta Creek and Miller Creek.

ARKANSAN DIES IN CRASH

MADERA, April 24. (AP)—R. W. Watts of Fort Smith, Ark., 50 years of age, was killed early today when he drove his sedan head-on into a truck and trailer on the Golden State Highway north of Madera. The truck was driven by Ned Willis of Fresno. The car was demolished and the truck badly damaged.

MARCH FIELD BILL NOW BEFORE SENATE

WASHINGTON, April 25. (AP)—The Senate today took up the March field bill, which would authorize the Secretary of War to order the military reservation of land in the State of California, to be used for the location of the headquarters of the United States Army in California.

McCormick's Millions Basis of Litigation

Newton Baker Appears as Attorney in Case

Wife Asks to be Made Administratrix

SANTA BARBARA, April 25.—With an outstanding array of legal talent, including Newton B. Baker, former Secretary of War, the suit to settle the difficulties between the heirs of Stanley McCormick, incompetent multimillionaire, opened in extra sessions of Superior Court here today before Judge H. S. Gans of Tehama county.

It was a hearing on the demurrer filed by Harold F. McCormick and Julia McCormick Blaine to the petition of Mrs. Katherine McCormick asking the court to make her sole administratrix of her husband's \$10,000,000 estate. The three McCormicks are acting as a board of trustees for the estate now.

Painting a dramatic word picture of Mrs. McCormick as the devoted wife who for twenty-five years has studied and searched the world for medical aid for her incompetent husband, Baker asked the court to deny the demurrer. It is the employment of Dr. E. J. Kempf, a "psychanalyst," to which Mrs. McCormick objects, he revealed. Ascertaining that the section of the law McCormick behind the walled estate in Montecito is detrimental to his welfare, Baker brushed aside the cases of law cited and asked the court to rule on what should be the law.

It was charged that Dr. Kempf is keeping all of the relatives away from the patient and that he is alienating Stanley McCormick's affections by his psychoanalytic treatment. McCormick and Mrs. Blaine, brother and sister of Stanley, are represented by John W. Heaney and W. G. Griffith of Santa Barbara, and Cesar Lawler of Los Angeles. Mrs. McCormick is represented by Baker, Paul Patterson of Cleveland, O., and Maj. Walter K. Tuller of Los Angeles.

Answering the cross-complaints of Mrs. McCormick, Heaney declared there was no claim of incompetency on the part of the patient, and that he had arguments and differences over the method of treatment of the ward. These he held were no basis for discharging the brother and sister as guardians. He cited as evidence of their good faith their original petition asking the court to investigate the treatment of Stanley McCormick and to decide what were the best methods to follow.

Attorney Fined for Contempt

LONG BEACH, April 25.—Judge Mahon, sitting in Department A of the Superior Court, fined Attorney Fred F. White \$50 for contempt by remarks addressed to the bench during the prosecution of a civil case today. After the attorney paid the fine and the case had been submitted Judge Mahon handed down a written decision granting Attorney White's clients \$1000 damages in a malicious-prosecution case. Remarks which drew the contempt order were considered by the court as expressing the opinion of the attorney that he could not obtain a fair trial before the court. White is a former chief deputy City Attorney now engaged in civil practice.

COURT GIVES ESTATE TO HENRY BARKER

SANTA BARBARA, April 25.—Henry L. Barker, New Bedford, Mass., a son of James L. Barker, cut off with an annuity in his father's will, is to get the whole of the \$500,000 estate through a decision of the State Supreme Court to dismiss the appeal.

The estate was in trust, the income to be used to advance what was to be known as the Barker Commonwealth Fund by Mr. Barker who died while on a tour of the world his eccentric educational ideas.

In the suit filed by the son in Superior Court here it was maintained the will was invalid as it had only been referred to in the will by the testator. The trustee held that if the will was invalid they should get the estate.

MAYOR ANNOUNCES COUNCIL COMMITTEES

GLENDALE, April 25.—Committee assignments of the various city departments were announced today by Mayor C. E. Kimlin at the meeting of the City Council. Mayor Kimlin heads the general administration committee, Councilman C. J. Hatz is chairman of the parks and public welfare committee, Councilman Frank P. Taggart heads the light, power and water committee, Councilman E. J. Witz is chairman of the police and fire committee, and Councilman Ben Davis has the public works committee.

NATIVE WILD FLOWERS SUBJECT OF LECTURE

VAN NUYS, April 25.—Final plans for the annual San Fernando Valley flower show, to be held in June, were discussed tonight in the Van Nuys Library. Charles Road lecture on the native flowers in the valley. One of the features of the exhibit of the horticultural society this year will be the display of hundreds of varieties of gladioli. Scores of amateur growers will have exhibits.

FIVE HURT AT POMONA

City Scene of Series of Automobile Accidents None of Which Are Fatal

POMONA, April 25.—Five persons were injured in automobile accidents during the past twenty-four hours, all but one having been taken to local health center for treatment. G. W. McClaughlin, 73 years of age, 1355 North Gordon street, was in the most serious condition, due to his age, although he is reported as recovering from bruises about the face and head caused by being struck by an auto driven by Capt. M. L. Osborn of the North Side Fire Station, at the intersection of Garey and Alvarado streets today. McClaughlin was struck while walking across the intersection.

A bus caused Walter Henlake to drive his sedan into a delivery truck owned by a Los Angeles coffee concern at the junction of Valley Boulevard and Brea Canyon Road late yesterday afternoon, nearly scalding A. L. Gordon of Oxnard, who was riding with him. Both machines were demolished, but Henlake escaped with minor bruises, while the truck driver was uninjured.

Robert Peterson, 15-month-old son of Mr. and Mrs. Alex Peterson, 1520 North Palomares, received treatment at the Pomona Valley Community Hospital for bruises sustained when an auto backed into him while he was playing in the street near his home.

Estella O'Donnell, 20 years of age, and Thomas O'Donnell, 12, 10831 Long Beach Boulevard, Lynwood, were injured when Miss O'Donnell on her auto on East Holt avenue, near the city limits, driving into a stone retaining wall at the side of the road. She suffered internal injuries, lacerated mouth and numerous abrasions on the legs, while the boy received a badly cut lip, forehead and nose.

Suit Involves Questions of Mining Law

ONTARIO, April 25.—P. T. Sullivan and H. Y. Foley, Ontario, are awaiting a decision from Superior Judge F. B. Warner in a law suit in which the days of the old West clashed with the present-day laws and autos.

Sullivan and Foley seek to retain their claim to three of the famous Anacostia mining claims in the Mojave Desert. They assert that when they worked for the founders of the claims they were not paid the wages in full, and when one day had passed and the annual assessment work had not been done by the owners of the claims Sullivan and Foley filed on three of them June 30, 1928. At 4 o'clock that day J. P. Rasmussen of the company arrived to start his annual assessment work, which according to law must amount to \$100 worth of annual improvement.

Found Sullivan and Foley in possession and brought suit in San Bernardino county Superior Court to eject them. He testified his auto had been started for the desert, and said that as he had hired a chauffeur on the trip connected with the company business the assessment work was done by him. He is, therefore, entitled to the original several years ago.

Judge Warner is studying the case on briefs and has not yet announced his decision.

ATTORNEY ASKS DELAY OF SALE

GLENDALE, April 25.—An afterthought of the conviction of A. J. Van Wie, former City Clerk of Glendale, on charges of grand theft and sent to San Quentin, was heard today when Attorney Bert P. Woodward requested the City Council to postpone for thirty days the scheduled sale of Van Wie's property that the amount of the former official's obligation to the city.

Woodward informed the Council that efforts are being made to raise a fund among the friends of Van Wie with which to meet the obligation of approximately \$2400 due the city, so that Mrs. Van Wie, who is now said to be entirely lacking in resources, may retain the property.

The City Attorney was instructed to communicate with the trustee company holding the property to see whether the sale could be delayed for thirty days.

BAY BUSINESS MEN FORM ORGANIZATION

REDONDO BEACH, April 25.—The first meeting of the newly organized South Bay Merchants' Association was held here this morning. The association was organized by the local building inspector and a permit for the erection of the structure is expected to be issued within a few days.

The school will be built on Pico street between Brand and Macley avenues. It will be of stucco, two stories high, have five classrooms and a large auditorium. A Catholic school was completed in Van Nuys about a year ago, and another one for San Fernando Valley is in process of construction at North Hollywood.

TOURNQUET ON MAN'S ARM SAVES HIS LIFE

PACIFIC, April 25.—Juan Diaz, who suffered the loss of his left arm while working a feed cutter on a ranch near here, is recovering, physicians here today. The new ordinance saved him from a probable bleeding to death.

NEW LAW FOR DRUNKS

MANHATTAN BEACH, April 25.—The first ordinance making intoxication a misdemeanor went into effect here today. The new ordinance was adopted upon the recommendation of Chief of Police Harry Boardman, who had been making arrests in such cases under county regulations.

READY FOR SAUGUS RODEO

Corrals at Baker Ranch Stock-Filled

Bonnie Gay Spectacular cowgirl rider, who is star of annual event.

SAUGUS, April 25.—Baker Ranch tonight is bustling with final preparations for the fourth annual Baker Ranch rodeo to be staged here Sunday.

A crew of workmen, in the glare of calcium lights, is finishing repairs on the big ranch stadium, built especially for the rodeo.

In the numerous corrals and stables strings of relay ponies and favorite mounts of contestants are being groomed after the last work-out on the track this afternoon.

Off in a corner of the ranch headquarters, in a remote corral, a herd of wild horses brought in this morning by a contingent of cowboys is milling and stamping.

The corral fence occasionally resounds with the staccato of sharp hoofbeats as a mustang tries to kick his way to the freedom of the range. They are a bad lot, and will furnish plenty of excitement in the wild horse riding contest Sunday, according to the quiet remarks dropped by the riders entered in that contest.

Johnny Schneider, winner of the last year, expects to repeat, but only after a tough battle with such fierce outlaw mustangs as Snip, Tumbleweed and Samson.

A record attendance is expected Sunday. The roads are in excellent condition, having been recently paved and widened.

MYSTERY PACKAGE CONTAINS VALUABLES

OXNARD, April 25.—Mystery surrounds the arrival of what seemed to Alfred Atwood, local storage company owner, as a suspicious-looking box which was found to contain valuable photographic apparatus, the owner of which cannot be located.

The mysterious box was shipped to Dr. Chafont of Denver, Colo. It was left at the local transfer establishment. No man by the name of Dr. Chafont is known in this section. When no one called for the box Atwood notified local and Los Angeles police. He said he became suspicious after reading about the recent torso murder in Los Angeles and thought perhaps the box might contain parts of a human body.

When police opened the box they found photographic paraphernalia which they valued at \$1000. Authorities are now trying to find the shipper and the owner.

MERCHANT SUE FOR LARGE DAMAGE

LONG BEACH, April 25.—Seeking \$31,000 on the grounds that she was seriously injured while trying on a fur coat when a clerk jerked away a chair on which she had started to sit, Hazel A. Rice, beauty parlor operator, today filed suit in Superior Court against a Long Beach fur company.

COUNCIL ASSUMES AUTHORITY

HAWTHORNE, April 25.—Hereafter all permits for carrying concealed weapons and all deputizing of peace officers is to be done by the council, following the adoption of a resolution to that effect last night. All previously issued permits were ordered recalled by the new measure.

HOMESICKNESS WINS VICTORY

Old Friends Regain Old Homes by "Trading Back" After Deal Had Been Made in Orange County Property

ANAHEIM, April 25.—Two years ago Jusine Schneider, pioneer Anaheim resident, traded his attractive two-story bungalow which he had erected at North Los Angeles and Alberta streets in 1919 for a seven and one-half-acre orange grove two miles west of Anaheim. He traded with Henry Simers, Anaheim landowner.

Both men were pleased with the exchange. But Simers fondly remembered the green reaches of his Valencia grove, and Schneider dreamed of happy days spent in the

CITY TO PAY MORE

Los Angeles Approves of Claims Made by Ventura County for Losses in St. Francis Dam Flood

VENTURA, April 25.—Los Angeles will approve \$140,000 more in Ventura county flood claims. This was the assurance given Charles Pettit, county engineer, in conference at Santa Paula with Lactus Green, assistant City Attorney of Los Angeles.

When the claims were recently submitted to the Board of Supervisors, it was shown that Los Angeles agreed to pay claims totaling \$244,885. The board discovered that a claim for \$10,000 for work done by the county on the Telegraph Road east of Piru had been omitted.

Pettit was asked to confer with the Los Angeles officials on this point, and also to try and bring to a closer estimate on the depreciation on the Bardadale bridge. He said today that Green had promised Los Angeles would approve the \$10,000 claim as legitimate, even though omitted before, and obtained \$4000 more on the Bardadale bridge. The county and the city of Los Angeles had differed by about \$12,000 on this figure.

This means that the Board of Supervisors, at their next meeting, will be asked to approve a settlement for the county totaling \$108,000.

Minister and Wife Married Sixty Years

SANTA MONICA, April 25.—Their sixtieth wedding anniversary was celebrated today by Rev. John T. Steffy and his wife, with an informal reception at their home, 709 Twenty-fourth street, in the afternoon, followed by a family dinner at the Miramar Hotel. Both were born near Pittsburgh, Pa., in the year 1849. Mrs. Steffy's maiden name was Margaret R. Logan.

Rev. Steffy was formerly secretary to the Pittsburgh conference of the Methodist Episcopal Church, and field secretary to the permanent endowment fund for their retired ministers. In 1895 he was sent on a trip to Europe as a guest of the Pittsburgh Times as one of the most popular ministers of that city. He came to Santa Monica five years ago, following retirement from the ministry on years earlier.

He was admitted to the ministry five years ago, and held important pastorate continuously in the Pittsburgh area.

Twelve children have been born to the couple, seven of whom survive. There are thirteen grandchildren and five great-grandchildren. Two sons are prominent in the medical profession, and a grandson, John D. Regester, A.B., B.S., and Ph.D., occupies the chair of philosophy at the College of Puget Sound, Tacoma, Wash. Another grandson is studying for the ministry. Guests at the family dinner will be Dr. John L. Steffy, M.D., of this city; Misses Friedella and Beatrice Steffy, Mr. and Mrs. Robert Cowan, Miss Vernetta Cowan and Mr. and Mrs. William Cowan.

Tree-Planting Day in Ontario

ONTARIO, April 25.—Scores of trees were planted in this district today. Wednesday, May 1, according to a proclamation issued by Dr. Morton E. Hill of Chaffey Union High School; Francis P. Williams, Mayor of Ontario; A. H. Johnson, Mayor of Upland, and William T. Clarke, acting Mayor of Chino.

The proclamation says: "In recognition of trees and plants which in adornment, comfort and useful products to our communities and in the importance to us as a nation, in further recognition of the favorable impression created and the civic pride engendered by well-kept lawns and beautiful flowers and shrubbery, we hereby suggest Wednesday, May 1, tree-planting day."

In support of the proclamation Ontario's 20-30 Club members today presented to the city four Redwood trees to be planted in East Fourth street Park on tree-planting day.

SCHOOL ANNUAL TO FEATURE OIL

MONTEBELLO, April 25.—"The Golden Key," the annual publication of the Montebello High School, will be one of the most unique annuals ever published in the Southland, according to Miss Lila Elliott, principal. The theme of the annual is oil and it has been carried out consistently. The classes are known as Wells 20, 30, 31 and 32.

The students are the drillers. The staff in charge of the book believe every known oil term has been used.

The art work is also distinctive in that it is created along futuristic lines, featuring oil derricks, oil machinery and tools. Miss Phyllis Lehman is the art editor and all of the drawings are being done under the supervision of Miss Marie Kern, instructor of the art department.

Miss Marion Renshaw is general adviser of the annual and it is expected the book will be ready for distribution by May 20.

FREE TRIP OFFERED TO CLUB MEMBERS

INGLEWOOD, April 25.—An unprecedented offer, so far as is known, was made to the Inglewood Rotary Club today, offering a free trip to the city of Dallas, Tex., to any or all members of the Inglewood club who will accompany him there.

Mr. Harris declared that he believed the experience would be so inspiring and helpful, that it would be well worth the outlay to him, because of the impetus he believes it will give the club under his guidance during the coming year.

Another angle to the situation was his warning that if any members could not go, he would see that they were fined during the course of the year an amount equal to the railroad fare to Dallas and back, which was given as \$75.00. The convention convenes on May 24.

SIMI VALLEY SEES BIG APRICOT CROP

SIMI, April 25.—Following a final survey here, it is reported that the many acres of apricots in Simi Valley suffered only slight damage from recent light frosts and that this season the harvest will be as large as last year. Growers already are making arrangements to dry many tons of the fruit as soon as it is ripened and gathered. Harvest this year will be a few weeks later than last because of the cold days the first part of this month.

GIRL ATHLETE HOLD ME

Four Hundred Gather at Home

All Schools of Santa Barbara in Reception

Convention Opened Saturday Morning

MONROVIA, April 25.—Four hundred girls of Southern California expected at the annual convention of the Girl Athletes of America, which opened here today.

Monrovia, Calif., was the host city for the convention, which was held here from April 25 to April 27. The convention was held at the Santa Barbara Hotel.

The local high school, with only 300 members in the organization, is said to be the smallest ever serving as a convention site. The convention was held at the Santa Barbara Hotel.

The local high school, with only 300 members in the organization, is said to be the smallest ever serving as a convention site. The convention was held at the Santa Barbara Hotel.

County Joins Road District

VENTURA, April 25.—Ventura county has been added to the list of counties to stand the share of the cost of the Mariposa road, according to a letter received by the County Engineer.

About two miles of the road, the project of the county, was approved by the board of supervisors. The project was approved by the board of supervisors.

The county, however, has not yet decided whether to build the road. The county, however, has not yet decided whether to build the road.

The county, however, has not yet decided whether to build the road. The county, however, has not yet decided whether to build the road.

THIRTY PATIENTS GIVES TEST

LONG BEACH, April 25.—Thirty patients of the Long Beach Hospital gave a test today. The test was given by the hospital.

The test was given by the hospital. The test was given by the hospital.

QUINN TO PRESENT CUP TO WINNER

BURBANK, April 25.—Quinn, candidate for Mayor of Burbank, will present the cup to the winner of the Burbank Foot race today.

The cup was presented by Quinn. The cup was presented by Quinn.

VALLEY READY TO PLANT BABY LIMAS

RESEDA, April 25.—J. H. Walters, manager of the San Fernando Valley Bean Growers' Association, as yet has made no definite estimate of the number of acres that will be planted to baby lima beans in the valley this year.

He states, however, that the acreage will be in the neighborhood of 10,000. Walters will be at the end of this month and the early part of May. Mr. Walters states that the final estimate of the acreage will be a trifle less than they were last year, because of the number of valley ranchers who have decided to plant alfalfa as a change crop.

ANNUAL DINNER AT BURBANK "Y"

BURBANK, April 25.—The annual dinner and installation of directors of the Burbank Young Men's Christian Association will be held tomorrow night at 6:30 o'clock at the First Christian Church, Sixth and Avenue avenues. The public is cordially invited to attend. The evening's program will include the installation of directors, annual report of the president, and an address by Federal Judge Henning, who was a member of President Harding's Cabinet. Judge Henning will be introduced by Earl L. White.

MRS. WHEELER TO SPEAK

REDONDO BEACH, April 25.—Mrs. Ella Wheeler, State president of the W.C.T.U., will be the principal speaker at the county institute of the W.C.T.U., which will be in session at the Congregational Church here tomorrow. The meeting will be an all-day one with luncheon at noon and Mrs. E. Miller, president of the local union, will preside.

WIFE BEATER EN BECOME

ACUZA, April 25.—The morning of a man's life was spent in the hospital today, after being beaten by his wife. The man was taken to the hospital.

THE BOY'S SHOP

SLAYER IN RAID MAY BE FREED

Geneva (Ill.) Dry Agent Not Indicted, Says Report

Such Action by Jury Means Clean Bill for Squad

Informant Against DeKings Held for Perjury

GENEVA (Ill.) April 25. (P)—Information from a reliable source here tonight is that the Kane county grand jury failed to vote a true bill today against Deputy Roy Smith, who shot and killed Mrs. William De King in a raid on her home last month.

Eugene Boyd Fairchild, dry investigator, whose false affidavit of buying liquor at the De King home resulted in the raid, was charged with perjury in a true bill.

The action against Fairchild was taken after some hours of debate and two days and a half of investigation. Failure of the grand jury to vote bills against Smith and other members of the raiding squad gives them a clean bill of health.

The grand jury will meet again Tuesday to return the indictment against Fairchild.

Further action might be taken by the investigating body at that time, although it is regarded hardly probable.

FATHER OF PUBLISHER DIES

BALTIMORE, April 25. (P)—Robert J. Kirkwood, real estate dealer and father of the late Irwin R. Kirkwood, publisher of the Kansas City Star, died here today at the home of his daughter, Miss Margaret Kirkwood.

WIFE HELD IN GUN DEATH

Young Mate of Connecticut Aristocrat Quizzed on Shooting of Middle-Aged Spouse

STRAITFORD (Conn.) April 25. (Exclusive)—Bullets spat from an ancient woodhanded revolver under mysterious circumstances caused the death today of Oliver Beardslee, wealthy 52-year-old member of the Connecticut landed aristocracy and principal in two breach-of-promise suits.

His young bride, Gladys Foster Beardslee, 27 years of age, whose marriage to him in New York City in 1927 shocked his staid neighbors, was held for questioning by police.

Mrs. Beardslee, police said, semi-hysterically insisted her husband shot himself while in bed, following a quarrel. But they charged that she was under the influence of liquor at the time of the shooting and that before sinking into a coma Beardslee told Sgt. Finnegan of Stratford that his wife fired the shot.

But friends of Beardslee had known for months past that the reunited couple were not happy and it had been reported he was planning to sue again for divorce.

When he was married, Beardslee had just come into \$100,000 from his father's estate. Recently, by the terms of his father's will, he came into a much larger sum.

SUED FOR BREACH

Beardslee, famed for his sustained vow not to vote if women were granted the franchise, was known as a woman hater until he approached middle age. Living the quiet life of a country gentleman, his neighbors were astounded when a Bridgeport girl in 1926 sued him for breach of promise. Shortly afterward he eloped to New York with Gladys Foster of Hartford.

Two weeks later another Bridgeport girl sued him for breach of promise and some three months after Beardslee, charging cruelty, sued to divorce his bride. She countered with a suit for separate maintenance and \$25,000 alimony.

FAIR NOT HAPPY

He effected a reconciliation by settling \$3000 upon her, restoring her limousine to her and being more liberal with her allowance. She had charged she had to plead with

HOOVER BACKS BUILDING PLAN

Capital Beautification Idea Approved in Address

More Federal Structures Needed, President Says

Declares Lost Efficiency Due to Lack of Room

WASHINGTON, April 25. (P)—President Hoover gave his approval in an address here tonight to the program for the beautification of the national capital by the carrying out of the present and projected program of new government buildings on the south side of Pennsylvania avenue.

Emphasizing the need of such structures, the President declared that nearly 25,000 of the 70,000 Federal employees in Washington now are housed in temporary buildings, many of which are insanitary, with the various departments divided among scores of unworkable and scattered buildings.

SCATTERED DEPARTMENTS

"For instance, Agriculture is housed in forty-six different buildings," he said. "The Treasury in twenty-seven places and Commerce in twenty places. We are paying rents and losing efficiency in sums far greater than the interest upon adequate buildings."

The Chief Executive, who spoke at a meeting on the beautification of Washington, held in the United States Chamber of Commerce Building, said the new building program must be fitted into the tradition and the symbolism of the capital.

He added that he hopes to live to see the day when there will be removed from Washington some of the Federal structures which have been deplorable by the founding fathers and have been deplored by citizens of good taste.

OTHERS ADDRESS MEETING

In this connection, Mr. Hoover indicated that the State, War and Navy Building, which he described as one "which we regret most," will be remodeled along the classic lines of the Treasury Building, which Congress intended when it authorized the structure.

Besides the President, speakers at the meeting included Secretary Mellon, whose department has charge of carrying out the building program authorized by Congress; Senator Smoot of Utah, chairman of the Public Buildings Commission, and Representative Elliott of Indiana, chairman of the House Public Buildings Committee.

FETE MARKS LAUNCHING OF CRUISER

Pensacola Glides Down Ways at Brooklyn Yard; Cost to be \$11,000,000

NEW YORK, April 25. (P)—Uncle Sam's newest cruiser, the Pensacola, was launched at the Brooklyn navy yard today.

As the war craft glided gracefully down the ways from the forest of scaffolding which had engulfed her, Mrs. Josephine Knowles Seligman of Roslyn, Long Island, a native of Pensacola, broke a bottle of spring water over her bows.

The Pensacola, 10,000 tons, is the largest ship to be launched at the navy yard since the war. Her ultimate cost will be \$11,000,000.

The Pensacola is 365 feet long, has a 55½-foot beam, and a maximum draft of 16 feet. Her oil-burning turbines and four propellers can drive her at 32½ knots.

The vessel will be equipped with catapults for launching airplanes, and will mount ten 8-inch guns and four antiaircraft guns. Her crew will number 530 officers and men.

FRANCE URGES VACCINATION

PARIS, April 25. (P)—The French Cabinet today recommended vaccination against smallpox to all French people as a precautionary measure.

BYRD EXPLORES CREVASSE

Commander, Lowered by Ropes, Makes Soundings of Water Below Ice on Which Camp Rests

(Continued from First Page)

so the frozen spot could be rubbed the hand would freeze. It was so cold that hand flashlights could not be used as the cold stopped the chemical action of the dry batteries. Strom froze his left big toe and had to run for the nearest house and thaw it out. It resembled a cold potato when he stripped his socks off. Doc Coman nearly froze his hands and had to get some warmer gloves.

Light was provided, however, by a portable gasoline engine generator which Hanson took and attached to a locomotive-type searchlight that was pointed down into the dark fissure. When everything was ready a rope was placed around the commander under his arms, crossing on his chest and fastened behind his head. He had his foot in the loop of another line.

BYRD LOWERED

Then he was lowered down over the edge slowly and carefully. The crevasse did not go straight down and there were many sharp projections of ice which broke off and tumbled about his ears. The ropes were held by Strom, Sipke the Boy Scout who is about the size of the big Norwegian, Vaughan, Feury and Thorn together.

Jose De Ganihi was ready to lower things to the commander as they were needed.

There was a strong draft down into the crack which blew the exhaust from the gasoline engine down until it was moved to the north side. And for this reason the commander did not wish to use magnesium flares for he doubted whether the fumes would blow out quickly.

LANDS CHOKED HIM

He had gone only a short distance when the lines running from his chest past his neck tightened and began to choke him and when he yelped for help the lines and made the rest of the descent in comfort.

About fifteen or twenty feet down the crevasse it turned at a sharp angle so that by carefully picking his way from one projection to another and by making full use of the snow which had filtered down he was able to walk the rest of the way and take the strain of the rope from the overhanging cornice.

LANDS IN GROTTO

When he reached the bottom he found himself in a sort of grotto formed by the compressed barrier ice and standing on a firm sheet of smooth ice formed from sea water which had either seeped through or come up from the bottom of the crevasse. He was inclined to think that the crack extended all the way down and that the water had come up and frozen over because there was apparently a new small crack in the ice below him.

He tasted it and it was salt. There was a marked difference between this ice and the snow of the barrier for the barrier snow was still snow until it met the ice below, although it was very hard and coarse crystallized. It looked like granulated sugar pressed together.

WARNER BELOW

It was much warmer at the bottom also and a thermometer placed on the ice registered 18 deg. above zero, Fahrenheit, although it was 50 below at the surface.

He could walk only a few feet in each direction so after satisfying himself that the ice below him really contained salt and taking a sample of the ice and of the snow at the bottom of the barrier he was pulled up again to join the frost-bitten crowd above. But coming up he examined more carefully some unusually large ice crystals which projected thickly from the sides of the crevasse. They were the largest and most beautiful he had ever seen and their presence led to much speculation later on wet conditions caused them and what light they might throw on the age of the crevasse.

A Better School Environment an "ADDED VALUE"

...that materially benefits
both you and your children

MALAGA COVE SCHOOL and Recreation center—in buildings, equipment and grounds—is said to be the finest in Los Angeles County. It is a fitting tribute to the beauty and completeness of Palos Verdes.

Standing on seven acres of land, facing the ocean, this magnificent \$150,000 Building and Auditorium on its completion secured the coveted Honor Award of the American Institute of Architects as the "most noteworthy school of the year" in Southern California. The recreation park—artistically laid out and landscaped—immediately adjoins and comprises baseball field, tennis and basket ball courts, swings, slides and complete playground equipment.

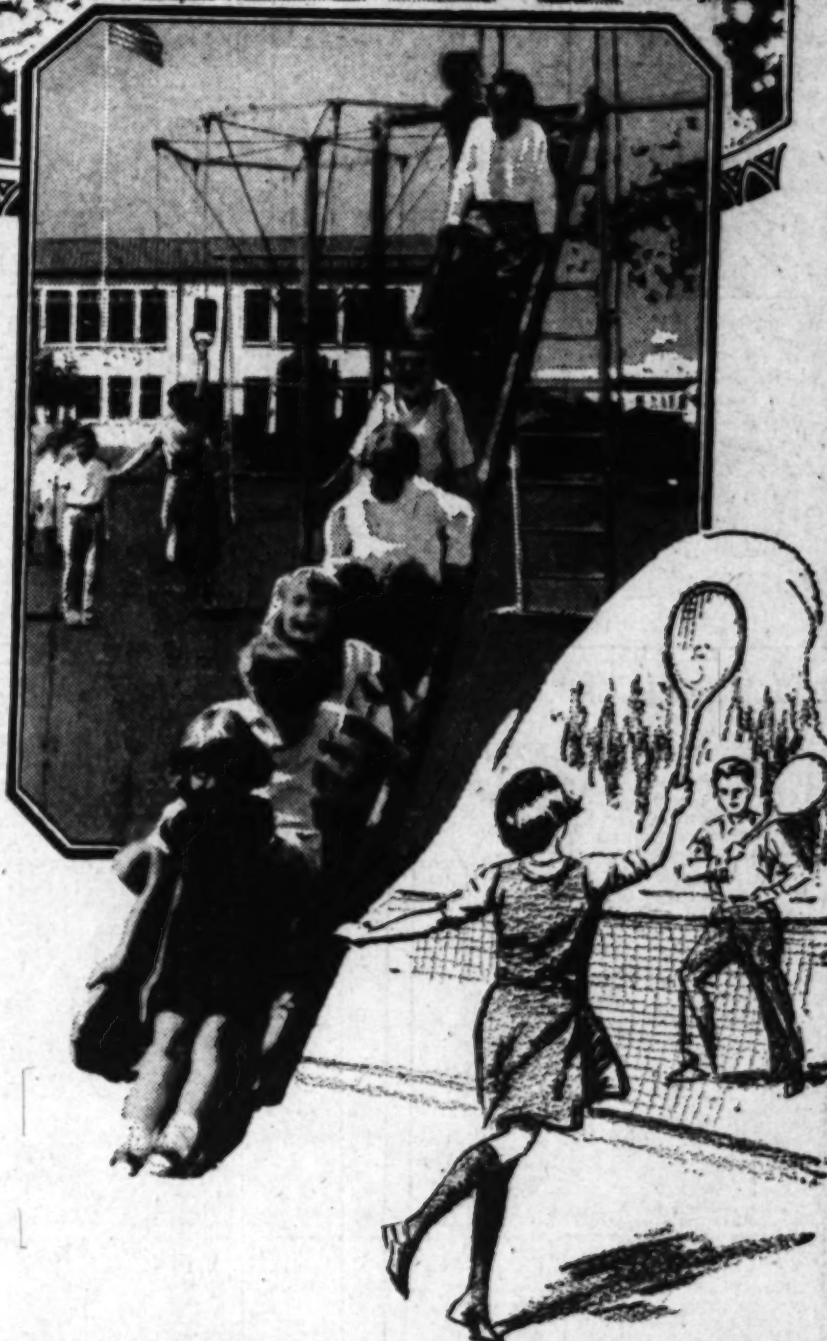

The development of this and similar school-playground sites is one of the "ADDED VALUES" in which you as a resident will share. Moreover, it is one of the main factors that increase the desirability—and value—of every homesite in the Estates.

As Palos Verdes community life expands and broadens there are other "ADDED VALUES" planned, of which you

should know. More than 100 additional acres have been set aside for future playground sites for other elementary, junior and senior high schools, each with its own juvenile and adult recreation center, stadium, etc. All these parks are deeded to the community as a whole. They are part of the Park System which thus makes possible the better school environment which all Palos Verdes children enjoy.

Still other "ADDED VALUES" are the golf course, the bridle trails, private shore line, parks and plazas—amounting in all to over 800 acres of "open spaces." These areas are likewise owned by the community. They can never be sold nor built upon. Thus land values can never deteriorate in Palos Verdes because the entire Estates is planned to insure the most ideal surroundings for the single family dwelling.

Conditions such as these usually exist only in places where none but the favored few can afford to live. Yet in Palos Verdes you can enjoy them all at no extra expense beyond the low frontage price you pay for the land on which your home stands.

It will pay you to decide NOW while selection is still good.
Ask any one of our representatives to show you over the prop-
erty and point out homesites still available for purchase.

STEEL CONCERN MELON PENDING

Bethlehem Board Votes to
Offer Rights

Increase in Common Stock
Contemplated

Earnings for Quarter Touch
Peace-Time High

NEW YORK, April 25. (AP)—The Bethlehem Steel Corporation today reported record peace-time net income for the first quarter of the year of \$9,045,500, in contrast to \$3,289,348 in the previous quarter, and \$3,284,718 in the first quarter of last year after deducting all charges and preferred dividends, profit was equal to \$4.05 per share of common stock, against \$2.58 in the last quarter and \$4 cents in the first three months of 1927.

Directors voted to change the \$100 par value common stock to no par value, to increase the common stock from 2,700,000 shares to 5,000,000 shares, and to offer common stockholders the right to subscribe for 600,000 shares of the new stock at \$5 a share in ratio of one share of the new for each three shares held.

The offering of the stock rights is subject to stockholders' approval of the increase in authorized shares, and is made to stockholders of record May 29.

Directors announced the new shares in the offering to stockholders would be entitled to receive the \$1 dividend, which is payable August 15 to holders of record July 19. A special meeting of stockholders was called for May 29 for submission of the stock increase plan.

Proceeds from the offering will be used for expansion of steel producing capacity. Bethlehem has made large expenditures in development of its properties and business in the last five years, but these have been chiefly for rebuilding and modernizing plants.

A dividend of \$1 was declared on the common stock. This is the same as at the previous quarterly meeting when dividends were resumed after suspension from July 1, 1924, when \$1.25 was paid. The regular quarterly dividend of \$1.75 was declared on the preferred.

SYNDICATE TO OFFER
FINANCE UNIT ISSUE

Public offering of securities in connection with the formation of the recently announced \$30,000,000 Aircraft Finance Corporation of America Inc. will be made shortly by a National-wide syndicate of investment houses, according to an announcement by A. C. Hunter, president, yesterday.

The offering will consist of both preferred and common stocks of the corporation.

BANK BOARD AUGMENTED AT MEETING

Six Members Added and
Capital Boost Approved
by Pacific National

Stockholders of the Pacific National Bank of Los Angeles at a special meeting late yesterday elected six new members to the board of directors, ratified a proposed \$6,000,000 increase in the authorized capital and were advised that under the merger plan with the National Bank of Commerce each holder of five shares would receive the right to purchase one additional share of the consolidated institution at \$40 a share after each share held has been exchanged for a share of the new bank.

Thomas A. Morrissey, president, declared that another meeting of stockholders would be called to sanction the merger after a permit has been received from the Comptroller of the Currency. Directors of the National Bank of Commerce voted for the merger last Wednesday.

The increased authorized capital will not be issued at the present time but will be held in reserve to provide for future expansion. The increase raises the capital from \$4,000,000 to \$10,000,000 and the number of shares, which are of \$25 par value, from 160,000 to 400,000. The six new directors added to the board, which brings the total to eleven, are: E. M. Leaf, president of the National Bank of Commerce; J. H. Cheek of the Cheek-Neale Co.; J. M. O'Brien, Los Angeles Mortgage Underwriters Company; L. M. Lockhart and Charles S. Jones, Rio Grande Oil Company, and F. P. Beechell.

Bank of Italy Makes Shift in Branch Staffs

Several promotions in the executive staff of the Bank of Italy National Trust and Savings Association were announced yesterday by H. R. Erkes, vice-president and chairman of the board of management for the Los Angeles division. C. K. Dodds, who has been manager of the Pico Heights branch, was promoted to manager of the Wilshire-Western branch, while D. H. Coyne, who has been assistant cashier at the Pico Heights branch, was advanced to manager of the latter bank.

G. C. Brooks succeeded L. H. Hart as manager of the Vernon-Broadway branch. Mr. Hart received a leave of absence on account of ill health. At the Van Nuys branch, E. M. Cronin was promoted to assistant cashier.

Listing of the stock of the Transamerica Corporation, holding company for the Bank of Italy, may take place on the New York Stock Exchange soon, it is reported.

New Financing on Docket of Packing Unit

Capitalization of the Woodward-Bennett Packing Company of Los Angeles is being changed to provide 100,000 authorized shares of common stock without par value in place of 10,000 shares of \$100 par value, George Woodward, president of the company, stated yesterday. The 7 per cent cumulative convertible preferred stock of the company is being converted into the new common and 80,000 shares of the new stock will be outstanding presently.

The company, sales of which total approximately \$4,500,000 annually, was organized in 1927 to acquire the businesses of Woodward-Bennett Company and the Los Angeles Packing Company, the predecessor companies having been engaged in the meat-packing business for a quarter of a century.

Mr. Woodward said that application will be made to list the new stock on the Los Angeles Curb Exchange.

BOYD HEADS BOARD
NEW YORK, April 25. (AP)—R. P. Boyd today was elected chairman of the board of Mohr Aircraft. The corporation reports orders on hand sufficient to keep the plant operating at capacity well into the fall and that plans are being laid to double present output.

OIL REPORTS PROMISING

Barnsdall and Other Statements Forecast Higher Net
This Year; Richfield Profits Estimated

From the first quarter reports so far released by the leading oil companies it is not difficult to arrive at some interesting conclusions touching upon the probable financial results for the year as a whole. The Barnsdall and Atlantic Refining statements certainly show that the producers and refiners are of the opinion that the year will be a successful one, while the Union Oil exhibit is significant of the ability of the stronger Pacific Coast companies to come through a gasoline war and still report a profit.

Barnsdall's statement, which appears today, discloses an increase in net income of 385 per cent over the first quarter of last year. In part this company obtains its revenue from crude oil operations in California, but is not interested in the marketing of gasoline here. Atlantic Refining is one of the principal marketers in the East, and its first quarter resulted in a gain of 185 per cent over the first three months of last year.

These two statements ought to indicate what the Pacific Coast companies would have done in the first quarter if the gasoline war had been taken in the Coast war, the Union Oil company reported an increase of 4 per cent in net income over the previous year, or at least did not show decrease. These companies were able to increase the volume of total business by intensifying exploitation of general markets, and other outlets, and introduced operating economies of importance.

Standard, however, still adheres to the tradition of only one report a year, and the Shell statement for the first quarter is not expected until next month. The Richfield statement should be due soon, and it is understood that this company like Union, came through the first three months of last year with a profit.

PROFITS FORECAST
After taking substantial losses from the gasoline war the Richfield profits for the first quarter are estimated at \$1 a share available for dividends on preferred and common. This would compare with \$1.85 in the first quarter of last year. At the end of March of this year the company had 1,917,000 shares of common outstanding, against 1,774,000 in the first quarter of last year, which would indicate a possible increase in net income for the first quarter of 1928.

For the year as a whole Richfield should earn around \$6 a share, and Union around \$3.50 to \$4. These estimates take into account that the first quarter was subnormal because of the gasoline war, but in the case of Richfield there is no allowance made for the inclusion of Pan-American Western, which is expected to take place soon. Last year Pan Western's gross business was in the neighborhood of \$3,000,000, on which the Richfield Company should earn a substantial profit in addition to its own business.

Next month the annual report of Shell Union is due, and shortly afterward the statement for the first quarter. For the year Shell is expected to show about \$1.70, or about \$6,000,000 more than in the preceding year.

Consolidated net profits of the Nevada-California Electric Corporation and subsidiaries for the twelve months ended March 31, last, amounted to \$1,008,417.68 after all charges including depreciation and Federal taxes, as compared with \$699,730.26 reported earned for the preceding twelve months ending March 31, 1928, an increase of \$68,687.42, or more than 7 per cent, was announced yesterday by the company.

Gross earnings for the period aggregated \$3,529,114.40, against \$3,220,237.13 last year, a gain of \$308,877.27, or nearly 6 per cent. Net operating profits after operating and general expenses, taxes and depreciation amounted to \$2,020,814.22, a gain of \$60,119.59.

March net profits after all charges amounted to \$40,626.80, against \$111,967.80 in March, 1927, a decrease of \$71,340.91, while the gross earnings totaled \$488,829.71, a gain of \$12,920.50. Operating expenses increased \$17,809.13 to \$266,139.23 and depreciation write-off \$7810.17 to \$84,453.33.

NEW YORK, April 25. (Exclusive)—Consolidation of the Moto Meter Company, Inc., and the Safe-T-Stat Company has been effected and a new company to be known as the Moto Meter Gauge and Equipment Company has been formed, it was announced today.

The authorized capitalization of the new company will comprise 750,000 shares of common stock, of which 512,500 shares will be outstanding upon completion of the merger. Moto Meter and Safe-T-Stat stock will be exchanged for shares of the new company on a basis to be announced later. In addition, stockholders will be asked to subscribe to 137,500 additional shares.

CHILD'S CAFE CHAIN
SHOWS INCOME GAIN

NEW YORK, April 25. (Exclusive)—Child's Cafe Company reported today consolidated net income for the March quarter of \$71,058 after all charges, including extraordinary deduction of \$67,861, equal to \$1.42 a share on \$5,000,000 7 per cent cumulative preferred, against \$56,481, or \$1.13 a share on the preferred in the same period of 1927.

An official of the company pointed out that the quarter earnings do not reflect conditions of the company as a whole, pointing out that 80 per cent of the net was made in March.

NEW YORK, April 25. (Exclusive)—The Reichsbank today raised its discount rate 1 per cent to 7½ per cent. The 6½ per cent rate had been in effect since January 11, last, when it was reduced from 7 per cent which had been effective since October, 1924.

MERGER RATIFIED
NEW YORK, April 25. (Exclusive)—Stockholders of Kelsey Hayes Wheel Corporation and the Wire Wheel Corporation of America approved a plan to merge into a new corporation known as Kelsey-Hayes Wheel Corporation.

BARNSDALL OIL PROFITS MOUNT

Consolidated Net in Quarter
\$1,888,372 Total

Gain on Similar 1928 Period
Set at \$1,499,241

Earnings Per Share Reported
at Rate of 80 Cents

Consolidated net profits of the Barnsdall Corporation and subsidiary companies for the quarter closed March 31, last, reached a total of \$1,888,372 after all charges including depreciation, depletion, interest, intangible drilling costs and Federal income taxes, equal to \$4 cents a share on the 2,258,107 shares of Classes A and B stock outstanding, it was announced yesterday by the company.

This compares with \$389,131 reported earned after all charges in the first quarter of last year which was equal to 30 cents a share on the combined Classes A and B stock then outstanding, totaling 1,249,073 shares, and represents an increase of \$1,499,241 which is nearly four times the figure for the 1928 quarter.

The net operating income after interest and Federal tax reserve were deducted amounted to \$3,180,109 for the quarter, as against \$1,921,896 for the same period last year, an increase of \$1,258,213, or more than 66 per cent.

Depreciation, depletion and intangible development costs of \$1,281,797 were charged off the quarter statement against a write-off during the same period last year of \$1,532,808, a decrease of \$251,011.

Dividends payable for the period amounted to \$911,253 while no payment was made during the first quarter last year, the dividend having been resumed at the annual rate of \$2 a share on October 31, last.

After the dividend payment there remained a balance carried to surplus of \$977,139 against a similar amount last year of \$389,131, a gain of \$588,008.

Based on the showing of the quarterly report the earnings were at the annual rate of \$7.53, 488 or \$2.81 a share on 2,258,107 shares of A and B which represented the average amount outstanding during the year.

When Hugh Gibson, close friend of President Hoover, proposed a sweeping reduction of all naval armaments, at Geneva, undoubtedly the arrangement had been thought out by the British.

Great Britain, through Sir Austen Chamberlain, has already agreed to the proposal, France is in favor of it, and if Italy can be pacified, it will have a far-reaching effect.

Mr. Business Man and Mr. Children, such a plan will mean a saving of hundreds of millions of dollars annually in taxes. That money can be spent in other and more constructive ways.

With this turn of affairs, the Kellogg treaties, considered more or less theoretical and idealistic when adopted, take on real significance, for they provide that the signatories to the Kellogg treaty shall build only such navies as they need for purely defensive purposes, with the aggressive element absolutely eliminated.

The position of Mussolini in this situation will bear close watching, for he has recently demanded that

Jay Morrison, vice-president of the Seattle (Wash.) Mutual Savings Bank, spoke at length on "Bonds Legal for Investment by Savings Banks." He advised his hearers to "be cautiously suspicious and a little bit skeptical of everything offered you for investment."

Two other addresses were given this morning by Chairman Richfield, president of the National Bank of California, Washington, Oregon, Utah, Arizona and other States. The convention will continue throughout tomorrow.

W. Richmond of the Irving Trust and Savings Bank, New York City, presided in the absence of Taylor R. Durham of Chattanooga, Tenn., president of the Citizens Bank and Trust Co., New York City.

WORLD FEELS CREDIT PINCH

High Money Rates in America Held Having Serious
Effect in Europe and South America

BY JOHN F. SINCLAIR
(Copyright, 1928, by North American Newspaper Alliance.)

NEW YORK, April 25.—Any observer studying world conditions cannot fail to see that the high money rates in the United States today are having a profound effect in Europe and South America also.

Yesterday, at the request of the transfer committee of the Allies, the German Reichsbank's discount rate was increased from 6½ to 7½ per cent. A few days ago the National Bank of Hungary increased its rediscount rate from 7 to 8 per cent.

The Bank of Poland and the Bank of Austria have likewise increased their rates during the current month.

Thus four of the central banks of four European countries have increased their discount rate to meet the high price of money in one month.

Fourteen banks in Europe and South America have advanced their discount rates since last July, following an increase in the rediscount rate of the Federal Reserve Bank of New York. It is shown clearly that the New York rate today virtually dominates the world market.

Parker Olibert has 250,000,000 marks (about \$50,000,000) of credits for the Allies in Germany, which cannot at the moment be transferred without serious disturbance of German exchange. So Dr. Schacht, the German Reichsbank president, upon his return from Paris this week is expected to request the application of the transfer clause in German reparations to protect German exchange.

This raises a very important and delicate question. When the transfer clause comes into effect under Sec. 248 of the Treaty of Versailles, what kind of debt will be a precedent—reparations to the Allies or private debts to others?

Hundreds of millions of dollars have been invested by private individuals and banks in Germany since the war. So far there has been some discussion of the priority of private debts above reparations payments, but the issue has never been definitely decided. Now with the apparent disintegration of the Paris conference, the financial experts believe Germany will demand that the transfer clause provision be put into immediate effect. The international money checkerboard will bear watching the next few weeks.

When Hugh Gibson, close friend of President Hoover, proposed a sweeping reduction of all naval armaments, at Geneva, undoubtedly the arrangement had been thought out by the British.

Great Britain, through Sir Austen Chamberlain, has already agreed to the proposal, France is in favor of it, and if Italy can be pacified, it will have a far-reaching effect.

Mr. Business Man and Mr. Children, such a plan will mean a saving of hundreds of millions of dollars annually in taxes. That money can be spent in other and more constructive ways.

With this turn of affairs, the Kellogg treaties, considered more or less theoretical and idealistic when adopted, take on real significance, for they provide that the signatories to the Kellogg treaty shall build only such navies as they need for purely defensive purposes, with the aggressive element absolutely eliminated.

The position of Mussolini in this situation will bear close watching, for he has recently demanded that

NET INCOME OF MOTORS SHADE DOWN

Decrease of \$7,557,589

Shown in First Quarter from 1928 Period

NEW YORK, April 25.—Net earnings of the General Motors Corporation, for the first quarter of the year equaled \$61,910,987, compared with \$69,468,576 in the corresponding period a year ago. Earnings per share of common stock, after deducting payments on the preferred and debenture stocks, amounted to \$1.37, as compared with \$1.54 in the first quarter of 1928 on a comparable basis.

"Abnormal expenses due to major year-end model changes," President Alfred P. Sloan, Jr., explained, "had an important influence on earnings and although sales both to dealers and users exceeded the corresponding period of the previous year they did not reflect the full demand for the corporation's products due to a shortage of cars."

"Total stocks in the hands of dealers on March 31 were substantially lower than at the corresponding date in 1928."

"On March 31 the corporation had on hand cash, United States government and other marketable securities totaling \$181,963,199. Bank loans were \$30,000,000."

"Current conditions are satisfactory," Mr. Sloan said.

NEW YORK BEHIND AVIATION CONCERN

Election of Frederick B. Rentschler, president of United Aircraft and Transport Corporation and the Pratt & Whitney Aircraft Company, as a director of the Pan American Airways, Inc., the operating company for the United States Corporation of the Americas, brings another prominent aeronautical group behind the Pan American concern. J. T. Tripp, president and general manager, said yesterday. The election of Mr. Rentschler followed the acquisition of a substantial stock interest in the United States Corporation of the Americas by the United Aircraft and Transport Corporation.

BANK RATE STANDS

NEW YORK, April 25.—The New York Federal Reserve Bank today made no change in its discount rate of 5 per cent.

NEW YORK BOND PRICES

NEW YORK, April 25. (AP)—After its almost steady improvement of the last two weeks, the bond market struck a snag today in form of a slight money rate slip. High-grade bonds, industrials and utilities slipped off fractionally. A few lower-grade bonds, however, advanced to broad the adverse money current.

With the usually volatile convertible market, trading was quiet. The market was a place of opportunity and privilege for the masses. The market was a place of opportunity and privilege for the masses.

The market was a place of opportunity and privilege for the masses. The market was a place of opportunity and privilege for the masses.

3 TESTS

for judging the value

of utility stocks

The strength and stability of the territory served, the earning power of constituent companies in the system, and lastly a liberal return to the stockholder, are the three standards for judging the true worth of public utility stocks. Check for yourself how well Western Continental Utilities, Inc. Class "A" Common Stock measures up to these tests.

1. Strength and Stability

Company's system supplies telephone and water service—two of the most essential utilities—to a population of 620,000 in 258 cities and towns in 4 states, including the cities of Redlands, Monrovia, Sierra Madre, San Fernando, National City and Chula Vista in the California territory.

2. High Earning Power

Consolidated net earnings applicable to this issue for the year ended January 31, 1929, are over 4.35 times annual dividend requirements on this stock. These earnings amount to \$5.68 per share or approximately 22 1/2% on the present market price.

3. Attractive Income

Holders are entitled to dividends in cash at the rate of \$1.30 per share per annum with equal participation with Class "B" Stock in any further dividends paid after the Class "B" has received an amount equal to \$1.00 per share. Or at their option, holders may elect to receive dividends in Class "A" Common Stock at the rate of 1/10 of a share (or 10%) per annum.

Price \$23.50 per share

Further particulars regarding this sound public utility stock furnished on request. Call, phone or write.

LOS ANGELES

Record Call Money Rates

and the Tax-Exempt Bond Buyer

The high rate of call money in New York has attracted to that market the funds of banks, trust companies, and other large holders of municipal and district bonds all over the country. The result has been the liquidation of considerable blocks of such issues with correspondingly lower price levels.

The individual investor is not in a position to place his funds at day-to-day call money rates but he may still profit by the present situation. A high-grade tax-free bond may now be purchased on a 5 to 5 1/2% basis—a rate of return materially higher than has been available on such securities for a number of years.

An outstanding example of such an opportunity is offered by our current issue of Los Angeles County District Bonds—payable both principal and interest from an ad valorem tax levied and collected with and as a part of the Los Angeles County Taxes. Furthermore these bonds are issued under an act which provides that if for any reason whatsoever there be insufficient money to meet interest or serial maturities, the County shall advance the balance necessary to pay these charges.

Prices to yield 5.25%, tax-free

Further details gladly furnished. Send name and address below

WINNING CONFIDENCE

by meriting it, since 1893

FOR more than three decades, James R. Martin & Co., with its three predecessors, has had a vital place in the economic and financial life of Southern California. During this long period, thousands of investors have entrusted to its careful selection and supervision their security holdings. Many of the outstanding corporations in this community owe their development to capital furnished through this institution.

Our spirit of conservatism is manifest in the careful scrutiny which is made of every offering—in the continuous supervision exerted over the holdings of clients—in the care and accuracy with which stock transactions are handled.

[The complete investment facilities of this organization are at the disposal of every Southern California investor regardless of the amount of his investment holdings.]

Murder Charge Against Religious Cult Leader Collapses

PAIR RELEASED AFTER INQUIRY

"King of Holy City" May be Questioned Again

Charge Made by Woman in San Quentin

Investigators Fail to Find Clue to Crime

Charges of murder made against William E. Riker, so-called "Father of Holy City," a religious cult in the Santa Cruz Mountains, by Mrs. Evelyn Rosenkrantz, a life-term inmate of San Quentin prison and former associate of the cult leader, appeared last night after many hours of investigation by the police homicide squad and the District Attorney's office.

He was released pending further investigation.

Walter Kundert, a disciple of Riker, also named in an affidavit sent to the Supreme Court by Mrs. Rosenkrantz, was likewise released when the authorities announced there appeared to be no foundation for the woman's uncorroborated statement.

Mrs. Rosenkrantz from her cell in San Quentin declared in the affidavit that a Mrs. Margaret White, whom she asserted to be a former wife of Riker, was choked to death in a Palm Springs cottage in November, 1927, and Riker and Kundert carried the body to Holy City where it was buried in a quicklime grave.

Riker and Kundert steadfastly denied the charges during hours of questioning and at midnight their stories were unshaken. The cult leader asserted he believed Mrs. Rosenkrantz to be deranged mentally and destroyed of bringing the charges for sympathy.

With Riker and Kundert temporarily detained by investigators Cavitt and Knott and Detective Lieutenant Kyndie, the officers were unable to find the slightest corroboration for Mrs. Rosenkrantz's story or determine that a Mrs. Margaret White ever had been known in connection with Riker.

In addition to Riker and Kundert, Frederick Hodson, present caretaker of the Palm Springs home, was questioned by the authorities yesterday. He denied that he knew anything of the story told by Mrs. Rosenkrantz, and was returned to Culver City.

"We have nothing but the uncorroborated story of the woman who is a life convict in San Quentin," Chief Wheeler said, "and we are not justified in holding Riker on any charge."

In her affidavit Mrs. Rosenkrantz says she went to work for Riker on a contract salary of \$2000 a month and about October, 1927, Riker prevailed upon her to go to his home at Palm Springs.

They had planned, she said, to produce a motion picture with the Holy City cult as the theme. They also were interested in aviation, she says, and Riker was to purchase for her a duplicate of Lindbergh's airplane to make a flight to Rome.

The proposed flight and negotiations for the purchase of the airplane were admitted by Riker, the officers say.

WOMAN APPEARS
During the time they lived at the Palm Springs home, Mrs. Rosenkrantz said a woman who said her name was Mrs. Margaret White and that

CHOKING CHARGES DENIED BY LEADER

Charge Made by Woman in San Quentin

Investigators Fail to Find Clue to Crime

Charges of murder made against William E. Riker, so-called "Father of Holy City," a religious cult in the Santa Cruz Mountains, by Mrs. Evelyn Rosenkrantz, a life-term inmate of San Quentin prison and former associate of the cult leader, appeared last night after many hours of investigation by the police homicide squad and the District Attorney's office.

He was released pending further investigation.

Walter Kundert, a disciple of Riker, also named in an affidavit sent to the Supreme Court by Mrs. Rosenkrantz, was likewise released when the authorities announced there appeared to be no foundation for the woman's uncorroborated statement.

Mrs. Rosenkrantz from her cell in San Quentin declared in the affidavit that a Mrs. Margaret White, whom she asserted to be a former wife of Riker, was choked to death in a Palm Springs cottage in November, 1927, and Riker and Kundert carried the body to Holy City where it was buried in a quicklime grave.

JURY AGAIN CONVICTS MAN IN BOY LEGITIMACY CASE

Otto Zinnicker, rabbit fancier, yesterday was convicted for a second time by a jury in Municipal Judge Sheldon's court of failure to provide for Gale Dean Pickard, 18-month-old son of Mrs. Margaret Steinbusch Pickard. The jury agreed on the first ballot.

Questioned by Deputy City Prosecutor Hornaday, Mrs. Pickard repeated her sensational story of meeting Zinnicker and how, on learning that she was about to become a mother, she refused to marry him and went to a Main-street employment agency, where Ernest Pickard agreed for \$200 to marry her and give the baby a legitimate name. He divorced her immediately.

Following the verdict, Zinnicker's attorney filed an oral motion for a new trial, Judge Sheldon set Tuesday as the date for hearing argument on the motion.

Zinnicker offered no defense yesterday, his attorney resting his case on the point on which he won a reversal of the first conviction on appeal to Superior Court, that the State, which is officially the complainant against Zinnicker, cannot raise a question concerning the legitimacy of children.

PERMIT FOR HUGE FORD PIER GIVEN

Long Beach Sanctions All-Concrete Structure to Cost \$490,000

By a "Times" Staff Correspondent
LONG BEACH, April 25.—The building department today granted the request of the Ford Motor Company for a permit to build a \$490,000 solid concrete pier on Century Channel, east of the Badger-avenue bridge, increasing to \$1,240,000 the value of construction work represented in Ford permits issued to this city and Los Angeles.

Test pilings already have been driven for the main assembly plant soon to be erected here, and are expected to be commenced shortly on the structure at Wilmington.

The new pier, according to plans and specifications, will be an L-shaped affair, 748 feet in length, and of solid concrete throughout. It is designed to accommodate the importing and exporting of materials upon the completion of the Ford assembly plant.

Growers' Book to Guide Buyer

C. B. Moore, secretary of the Western Growers' Protective Association, yesterday announced the publication of a thirty-two-page booklet classifying all California and Arizona vegetables and their places of production.

The booklet is to be a guide for eastern residents, informing them of the origin and seasonal movement of California and Arizona specialties. The buying guide was prepared by Ross H. East of the agricultural department of the Los Angeles Chamber of Commerce, which assisted in the publishing.

The Western Growers' Protective Association handles 80 per cent of the vegetables produced in California and Arizona. This organization is contemplating a \$250,000 national advertising campaign for head lettuce, and other plans for increasing the demand for western vegetables.

MAGAZINE STARTED

New Periodical to Carry Literary Efforts of Students at U.C.L.A.

A literary magazine is to appear at the University of California at Los Angeles. It will be published jointly by the Manuscript Club, honorary writers' group, and Chi Delta Phi, national honorary literary society. Permission to publish has been given by the university administration, and a name, the Star and Wagon, has been assigned tentatively.

Other speakers were Dr. D. Webster Kurtz, on co-operation in religious education, and Dr. William A. Pearce on religious education as a community task. Dr. Pearce is general secretary of the organization and has been associated with Sunday-school work for more than twenty-five years.

CHEF WILL EXPLAIN MENU FOR LUNCHEON

Mrs. Mabelle (Chef) Wyman has planned a luncheon menu for her class this afternoon in the South-west Building, 130 South Broadway. It will comprise the following: Avocado stuffed with chicken of the sea, cheese sticks, baked zucchini, rusks, sherry jelly and southern chocolate cake. Classes are held every Tuesday and Friday beginning at 1:30 p.m. and are free to the public.

CANDIDATES TO SPEAK

Candidates for public office, it was announced yesterday, will be the speakers this evening at a special meeting of the voters of the Thirteenth Councilmanic District in the Huntington Drive School Auditorium. The meeting, scheduled for 7:30 o'clock, will be under the auspices of the Huntington Hills Improvement Association.

LIFE SENTENCE PLEA GRANTED

Prisoner in County Jail Had Asked Judge But Death Answered Request

Benjamin F. Hamilton, formerly of Kansas City, Mo., died yesterday in the County Jail where he had been committed after he had begged to be sentenced for life.

His request became fact when heart disease killed him after he had served one month of a six months' sentence for vagrancy imposed by Police Judge Farrell of Alhambra on March 25. At the time of sentence Hamilton told the court he had a dual personality. He was 45 years of age.

SHE PROVIDED LURE IN MASHER CAPTURE

Wife of Detective Traps Asserted Note Writer

Prisoner Believed by Police to be Wilshire Maniac

Voice Declared Like Man's Who Phoned Insults

Trapped after he is asserted to have made an appointment with the wife of a detective, Antonio La Strapes, who said he was an 31 company employee, 32 years of age, and living at 374 Wilshire street, was believed by police to be the man who has been annoying women in the Wilshire district for the last several weeks, yesterday was arrested at Fifty-fourth street and W 8 s Boulevard, and held in the City Jail charged with suspicion of a statutory offense and sending obscene matter through the mails.

The arrest resulted from the receipt of a letter on the 24th inst. by Mrs. Jackie Jolin, wife of Detective Lieutenant William Jolin, attached to the Central Station robbery detail. It was addressed to "Mrs. Housewife" at the Jolin residence, 2221 Hutchinson street, Culver City. Written on the back of a laundry slip, the message, according to the police, was of an obscene nature and requested Mrs. Jolin to meet the writer yesterday at Fifty-fourth street and West Boulevard.

TRAP PREPARED

Mrs. Jolin turned the matter over to her husband, who arranged with two of his brother-officers, Detective Lieutenants Leslie and Collins, to escort his wife to the designated intersection and keep the appointment. Jolin had to appear as a witness in court at the appointed time.

Leslie was concealed in the tunnel of Mrs. Jolin's sedan. Collins followed in a police car several blocks behind.

"We didn't have long to wait," Mrs. Jolin recounted. "A man drove by in a dilapidated car and stared at me as he passed. He drove on a few blocks, turned around and parked a short distance up the street. He snatched up to my car and asked me if I had an appointment to keep with a man there."

"I said, 'Yes,' and he just grinned. Then the officer raised up out of the back seat and grabbed him."

SPEAKS WITH DRAWL

A man attempted to force his way into the Jolin home several weeks ago, Mrs. Jolin said, but she stated that it was not La Strapes.

The fact that La Strapes speaks with a distinct drawl led officers last night to assert they believe La Strapes is the man who has telephoned several women in the last few weeks and attempted to make appointments with them. The housewives in the cases reported to police said that the man on the other end of the wire had a southern drawl.

When taken into custody, police say La Strapes denied the charges, declaring he had been accosted by a strange man at Angels Mesa Drive and Fifty-fourth street, and asked to tell a woman waiting for him at the West Boulevard intersection that he would be unable to meet her.

However, the detective's assertion that La Strapes's handwriting obtained following his arrest was similar to that in the laundry-slip note received by Mrs. Jolin.

Women Hear Talk on Indians by Sioux Chief

Some 200 palefaces were given an intensive short course in the Indian sign language last night by Chief Standing Bear of the Ogallala Sioux tribe. The occasion was the monthly open meeting of the American Indian Women's History and Art Club. The affair was held in the banquet room of the Westminster Hotel.

Chief Standing Bear, said to have been the first Indian to attend Carle University, and also the first to be admitted to citizenship, gave an interesting talk on Indians and their ways, emphasizing that Lo always has been on the short end in his dealings with the white man. The sign language, he said, is universal among the various tribes, although they are unable to understand each other's spoken words.

Chief Standing Bear entertained the audience for nearly two hours. He was assisted by a group of dancers attired in regulation Sioux regalia.

Film Notables Leave Tonight for New York

Joseph M. Schenck, president and chairman of the board of directors of United Artists; Mary Pickford and Douglas Fairbanks, and Irving Berlin, song writer, are scheduled to leave tonight on a private car for New York. The departure of Schenck is to close the \$60,000,000 consolidation of United Artists interests and the Warner Brothers merger.

It was declared at the studio yesterday that Mary and Doug are leaving on a pleasure trip, but those in close touch with the forthcoming merger believe they intend to be in New York to look on during the financial arrangements for the transaction. Jack Warner is now in New York and his brother, Harry Warner, president of the company, bearing their name, is scheduled to arrive soon from Europe. Gloria Swanson will not accompany Schenck, Miss Pickford and Fairbanks.

NEW FOX FILM CABINET OF STUDIO PRECEDENT

With the creation of a cabinet of three executives yesterday, Fox Film Corporation took a step forward in emphasizing the revolutionary change that has taken place in the screen world with the advent of all-talking pictures.

Those comprising the cabinet and their former executive positions are: Chandler Sprague, scenario editor; George Middleton, dialogue editor, and Malcolm Stuart Boylan, editorial supervisor.

According to the joint statement of Winfield Sheehan, vice-president of Fox Films, and Sol M. Wurtzel, general superintendent, issued last night, the trio is vested with an authority and responsibility that has seldom come to screen executives.

Sprague, Middleton and Boylan "function as a cabinet responsible to the theater-going public, the Fox organization, its sales force

and the theaters showing its pictures. They will be responsible for the quality, excellence and entertainment value of the fifty-two all-talking Fox-Movietone productions which will constitute the output of the Fox organization for 1935, it was stated. In the final analysis their duties range from "script to screen" and from "words to music," for they will purchase screen material, attend to the adaptation and the dialogue and select the cast. They will guide each talking picture through its every stage.

Obviously, the larger problems that they may encounter on the way are to be settled at cabinet meetings with Sheehan and Wurtzel sitting as ex-officio members, it was said. Creation of the cabinet and its duties is an innovation that carries a suggestion that "big business" methods are coming into screen production, according to Sheehan.

Cooley's Room-mate Under Arrest Following New Clews in Pasadena Mystery Slaying

PART OF FIREMAN'S SHIN SUPPORTS SPINE

A piece of shin bone yesterday was transplanted into the spine of Norval Pennington, a husky city fireman, whose back was splintered at a fire February 10. The operation was performed in the Georgia-street Receiving Hospital, where Fireman Pennington has been confined by his injury. Dr. Ellis W. Jones, an orthopedic specialist, performed the bone transfer, assisted by Police Surgeon A. E. Savarin.

Pennington is 31 years of age, and weighs 200 pounds. His home is at 1327 Van Horn street. As a member of Engine Company 19, he was fighting a fire at Cardinal and Gibbons streets, when a steel beam fell on his back, splintering a vertebra. Dr. Jones decided that a bone grafting was necessary in order that Pennington could stand again. He took six inches of bone from the left shin, made an incision in the lower lumbar spine and cut a piece out of the sacrum. The shin bone was fitted into Pennington's spine in one hour and forty minutes. The fireman was promised that he would be able to resume fire fighting within a few months.

The police declare Cooley was up when they arrived and that he went to the bathroom unassisted. With the incarceration of Howard last night, Pasadena detectives said they were ordered not to discuss the reasons for jailing the man.

Requesting of Howard followed a two-hour interrogation of Mrs. Pearl Cooley, estranged wife of the murdered man, which began shortly after Cooley's funeral yesterday afternoon.

Upon conclusion of the questioning, Chief Investigator Wheeler announced that Mrs. Cooley had in no way changed her story of events preceding the fatal beating of her husband.

A thorough examination of the hammer found in a car belonging to Cooley, and which police believed for a while possibly was the instrument with which he was killed, yesterday failed to disclose any evidence that will aid officials, they said.

Another search of Cooley's apartment failed to bring forth fingerprints other than those found on the first investigation.

Two safety deposit boxes, one in a bank and one at the Cooley garage, likewise failed to produce anything of value that will aid the investigation, Wheeler announced.

A bullet hole found in Cooley's apartment was made several months ago by the accidental discharge of a weapon owned by Cooley, police said.

WIFE GETS INSURANCE

Two life insurance policies, each for \$10,000, recovered in Cooley's safe deposit box, named Mrs. Cooley sole beneficiary. His son, Clyde, 19 years of age, was left a small amount, Chief Investigator Wheeler said.

While Howard sat with bowed head beside a police guard at Cooley's funeral service in the Reynolds & Eberle chapel in Pasadena yesterday, Chief of Police Kelley of that city announced that more than one person probably knows who fatally wounded Cooley.

Mistaking newspaper men for District Attorney's operatives, Howard asked if it would not be possible for him to attend the Cooley funeral. "It will be a real blow to me if I can't attend Vic's funeral," he said.

Because Clyde Cooley, son of the clubman by a former marriage, was late, his father's funeral services were delayed for twenty minutes. When he arrived with Mrs. Gilbert, his aunt who has cared for Clyde since his mother's death eight years ago, young Cooley explained that he had been eating his lunch.

One hundred friends of Cooley attended the services and P. W. Birnie, Exalted Ruler of Pasadena Elks' lodge, of which Cooley was an active member, read the Elks' funeral service, assisted by five other lodge officers. The casket was covered with a blanket of flowers and more than fifty floral tributes, including a wreath said to have been sent by Mrs. Hanan, filled the chapel.

Although Mrs. Hanan was reported to be at home during the services, a woman resembling her entered the chapel near the conclusion of the service and left hurriedly when newspaper men questioned her. Howard, guarded by Detective Lieutenant Thomas, sat with bowed head through the service and later was escorted to local police headquarters.

Mrs. Cooley, sobbing audibly, did not converse with members of her husband's family, and was assisted into an automobile by Hal C. Reynolds, president of the Pasadena Tournament of Roses Association. She was present at the entombment services at Forest Lawn Mausoleum and then was taken to the District Attorney's office for questioning.

PUPPULO SENTENCED TODAY

Mike Puppulo, convicted last week of violation of the State gun law, is scheduled to appear before Judge Wilson today for sentence. The defense is expected to present arguments on motions for arrest of judgment and for a new trial.

Puppulo is asserted to be an unnaturalized alien and is one of the three defendants charged with the murder of August Palombo, asserted bootlegger. He is scheduled for trial on the slaying charge next Monday.

FINAL ORDINANCES PASSED

The final ordinances were adopted by the City Council yesterday for the improvement of Twentieth street between Long Beach and Compton avenues and of Cole Glen Place between Alvarado and Alessandro streets, for the installation of sewers in the Westwood Boulevard and Ohio avenue and the Barrington avenue and Pearl-street sewer districts, and for the installation of lights on La Brea avenue between Pico and Washington boulevards.

AIDES DEPRIVED OF OWN AIDES

Fire Chief's Assistants Given One Rating to Prevent Duty Delegation

Elimination of the rating of second assistant chiefs to the chief of the Fire Department and appointment of two more men, making a total of ten first assistant chiefs, was recommended to the City Council yesterday by the Board of Fire Commissioners at request of Fire Chief Scott.

The department now has five first assistant chiefs and three second assistant chiefs. Commissioner Laws said if there are nothing but first assistants they will not be in a position to delegate their duties to anybody else.

Officer Held for Trial in Knife Attack

Arthur B. Crowe, special policeman residing at 1234 West Forty-seventh street, attacked Charles Gabriels, Manual Arts High School football captain, with a knife in an altercation which followed a slight traffic accident on the 21st inst. It was testified yesterday in Municipal Judge McDill's court. As a result he was ordered held for trial by Superior Court on charges of assault with a deadly weapon, under bail fixed at \$1500.

Phyllis Vann of 1246 West Forty-seventh street testified that she heard a crash in front of her home and hurried out to see what had caused it. She declared that Crowe rushed at Gabriels and struck the youth on the head with a large pocket-knife, which he held open in his hand. Gabriels knocked him down, she declared, and Crowe then arose and stabbed the youth several

PHYLLIS VANN

SALE OF LIQUOR NETS FINE "Porgy" Topic of Play Review

Mrs. Grace Mills, who stated in the court of United States District Judge Henning that a Federal prohibition informer asked her to sell two pints of liquor, was fined \$200 yesterday. The defendant pleaded guilty to possession of liquor, but stated that she had sold the liquor on request of the informer.

Deputy Sheriff Exonerated in Custody Fight

An order of the Civil Service Commission, exonerating and restoring to duty Deputy Sheriff C. H. Kinsey, yesterday marked the close of the hectic legal proceedings surrounding the divorce of Mrs. Vada Gury from Chester Gury.

Deputy Kinsey and another deputy, Eugene G. Myer, were indicted for child stealing after they had taken from Chester Gury his 8-year-old son David whose custody was claimed by Mrs. Gury. Later Superior Judge Fricke dismissed the charges when there was presented to him an order of the Superior Court, giving custody of the child to Mrs. Gury.

Meanwhile Deputy Kinsey had been temporarily suspended, but after the indictment was dismissed he was temporarily restored to duty. The new action of the commission makes this restoration permanent.

STREET PROTESTS SCHEDULED

Protests are scheduled to be heard by the City Council today against the ordinance of intention for the improvement of the following thoroughfares: Lankershim Boulevard between Burbank Boulevard and Ventura Boulevard, Alfred street between Rosewood avenue and Beverly Boulevard, Avenue 97 between Hermosa avenue and Carlsbad Boulevard, Lyric avenue between Griffith Park Boulevard and Hyperion avenue, Blackwelder street between Clyde avenue and a point 1020.25 feet west of Hauser Boulevard, and Dundee Drive between Commonwealth avenue and a point 2217.58 feet northwest.

Picture by Western Union Telephoto

Largest Air Mail Shipment on Way to Southern California Announcing Bullock Stein-Bloch Suit Event for Men---Soon

Telephoto above, received yesterday over Western Union, shows Air Mail sacks containing part of twenty-five thousand and Air Mail letters ready for loading in Rochester, New York, en route to Southern California.

This shipment is reputed to be the largest single shipment of Air Mail ever transported across the continent. Giant Mail Planes, chartered to carry the shipment, left Rochester, New York, Wednesday at 1:30 eastern standard time.

Thus, twenty-five thousand men will receive news of the outstanding Clothing event in the history of Bullock's Stores for Men concerning Stein-Bloch Fine Suits—to commence soon.

The importance of this unique publicity undertaking is evidenced by the gathering of men prominent in Postal, Air Mail, and Chamber of Commerce circles in New York to witness the start of the transcontinental planes.

Those gathered on the field are from left to right: A. N. Richardson, representative Fairchild Publications; C. A. Gallagher, Stein-Bloch publicity; Fred Wilson, manager Better Business Bureau; Roger DeWolf, chairman Aviation Committee, Chamber of Commerce; Simon N. Stein, president, Stein-Bloch Company; John B. Mullen, postmaster; Mark J. Sloman, publicity director Stein-Bloch; George Sullivan, assistant postmaster; E. J. Donnelly, superintendent of mails; Fred Strauss, Stein-Bloch; Jesse Vanderpool, meteorologist; Tom Haugh, Postal Facilities Committee, Chamber of Commerce; J. K. Davis, manager Colonial Western Airway.

It is interesting to note that the above photograph, taken just prior to the departure of the planes, was telegraphed from Rochester, New York, to Bullock's, Los Angeles, and is reproduced before the planes have arrived. Watch this newspaper for detailed announcement of Bullock's Stein-Bloch Suit Event—coming.

PEN POINT

Truth isn't like an old promoter. It lies at the bottom of a well, not at the top.

The old man's son is going to begin work at the bottom. That's where the firm's interests are signed.

Happy thought: You can't be a masochist and a knave at the same time.

Maybe some accidents called unavoidable because a born fool can't avoid them that way.

If the hero seems a fool, he falls into trap after trap, and a more thrilling movie.

Good-will tours are a religion. When a man is especially attentive to his wife, he's up to something.

German kultur trimm after all. The righteous man is fully converted to it.

One reason why a great man seems so great is because nobody writes such speeches for him.

Americanism: Giving the children a castor oil, although you won't take it yourself; trying to enforce laws that way.

All wars are much like the poor ignorant man dying in Mexico may think, dying to make the world for democracy.

It requires a great love of order to rejoice in your over-restrictions while you could throw a brick at the morning.

Why are laws violated? There are 400,000,000 Chinese and when a white man looks at them, he doesn't fear one more.

Funny man! Standing and holding a hose to spray the lawn is work, and the little ball four miles to the play.

There are now 340 "thousand" connections to remove your hair, none of which are created the sale of razor.

Correct this sentence: "I never long for my old and my own spending money."

All men are equal, till they found out.

The man of the hour is up to the minute.

Reform sometimes gets farther than stirring mud.

The nearest approach to petual motion is the motor taxicab.

Hell is advertised every Heaven gets most of its pain on Sunday.

The greatest pleasure of the departure of pain.

The hall fellow well sometimes better avoided.

Some people are too big to stand in their own light.

OBEDIENT LIVES

There are some laws I like; I'd love to search about like at sixty miles an hour, forty miles the limit, at a press my wish to wish, with an aspect over. I would feel I have the right to roast those men who are night, who shoot and say slug; who violate the law, and who for revenge draw foul liquor from a bottle, criticize the gangsters who are inclined to have and whatever they can laugh at cops and cops and sports, and knock the air when asked in the square, on pleasure, noons; denouncing crime every phase, I'd spend the my days, with other lions. But one must not be hands are clean before you how badly mean the other money white, and he should a record bright as any star. If I won't cheer, Grimes, because they are just or fair. I love my courts, and he should the right to roast who down the sinful host as do not everywhere. I have the roast such laws as do not take a glance toward, there's in effect, a law of fierce and govern me, with me prevailing as I can a joyous time denounce men of crime who fill our jails.

WILL YOU CHANGE IN FOR A BETTER? AM SAY WHEN THAT FIGURE'S OVER THERE WILL BE A LESS KENNEDY. BARRY OWENS AND LES KENNEDY FEATURE THE PROGRAM AT HOLLYWOOD TONIGHT.

MOORTOWN (Eng.) April 25. (P)—Final practice shots for the 1929 Ryder Cup matches were played this evening in the dusk of a chilling Yorkshire spring day. Tonight the opposing teams are encamped fifteen miles apart, the British at Harrogate and the Americans at Leeds.

LIONS WIN SECOND TILT FROM MILLIONAIRES, 3-1

Showing the same perfect form they displayed in the opening clash, the Vancouver Lions won their second straight ice hockey game from the Hollywood Millionaires, 3-1, at the Winter Garden before more than 4000 enthusiastic fans.

WILL THEY BE THIS CLOSE TOMORROW?

Pictured below are the two bitterest rivals for prep half-mile honors in Southern California, Rudy Oberfall of Hollywood and Dave Foore of L. A. High. The picture was taken at the Major City League meet when Oberfall, on the right, nosed out Foore to set a new league record of 1:59.8. Tomorrow, these same two will clash in the Southern California prep track-and-field championship meet which is being staged at the Coliseum.

Yde Hurla Classy Ball to Wallop Tribesmen

Lyons Tames White Sox in Only Other Clash

Six Games Halted as Rain Sweeps Over East

DETROIT, April 25. (AP)—Emil Yde, former Pittsburgh Pirate southpaw, pitched the Detroit Tigers to a shut-out victory over the Cleveland Indians here this afternoon.

Yde kept the Cleveland hits well scattered, and his mates gave him a three-run lead in the first inning, which was two runs more than he needed.

For victory, Detroit scored two more in the fifth inning.

The Tigers pounded Willis Hudlin, Indian right-hander, for four hits to gain their three runs in the first inning. Rice started with a triple to center. Gehring followed with a single that scored Rice, and a second. Alexander and McManus added singles.

Each team made eight hits, but the Tigers sank Hudlin by bunching their safeties. Score:

Team	W	L	Pct.
Detroit	10	10	.500
Cleveland	9	11	.450

Errors—L. Sewell, R. Yde. Run batted in—Gehring, McManus, Alexander. Hit—Rice. Double—Gehring. Triple—Rice. Single—Alexander, McManus, Gehring, Hudlin. Sacrifice—Hudlin. Stolen base—Rice. Caught stealing—Hudlin. Struck out—Hudlin, 10. Time of game—1:45. Umpire—Egan.

CHICAGO, April 25. (AP)—Fouring down on Ted Lyons for four hits and three runs in the first inning, the St. Louis Browns scored a 3-to-2 victory and ruined the 1929 home debut of the White Sox. Less than 10,000 fans shivered in an icy wind which swept through the stands.

After the first inning Lyons held the Browns in check until he was forced to retire in the eighth when he was injured in making an assist. George Connally finished. Sam Gray was touched for eight hits, two more than the total permitted by Lyons and Connally, but the Sox efforts lacked co-ordination. Gray also received excellent support.

Blue opened the first inning with a single and O'Rourke followed with another. Successive sacrifices, followed by more singles by Kress and McCowan, punched over the runs. Bud Clancy personally scored the first Chicago counter when he hammered the ball into the upper tier of seats back in right field in the first inning. The other run was the result of a single by Reynolds, followed by a sacrifice and a fielder's choice in the fourth. Score:

Team	W	L	Pct.
St. Louis	10	10	.500
Chicago	9	11	.450

Errors—Reynolds, Kress, McCowan, Connally, Gray. Double—Gray. Hit—Reynolds. Double—Gray. Triple—Reynolds. Single—Kress, McCowan, Connally, Gray. Sacrifice—Kress, McCowan, Connally, Gray. Stolen base—Reynolds. Caught stealing—Kress, McCowan, Connally, Gray. Struck out—Kress, McCowan, Connally, Gray, 10. Time of game—1:45. Umpire—Egan.

PORTLAND, April 25. (AP)—Portland made it three straight wins today by winning, 5 to 3, after the Indians seemingly had the game in the ice box in the eighth. The Indians had slammed Jack Knight for three runs in this inning and brought the score up to 3 to 1 in their favor. In the Portland half the game suddenly changed from the closest of pitching battles to a wet and burlesque of bases on balls, runs forced in and wild tosses. Portland scored four runs in the mix-up and took the game. Score:

Team	W	L	Pct.
Portland	10	10	.500
Indians	9	11	.450

Errors—Reynolds, Kress, McCowan, Connally, Gray. Double—Gray. Hit—Reynolds. Double—Gray. Triple—Reynolds. Single—Kress, McCowan, Connally, Gray. Sacrifice—Kress, McCowan, Connally, Gray. PORTLAND, April 25. (AP)—Portland made it three straight wins today by winning, 5 to 3, after the Indians seemingly had the game in the ice box in the eighth. The Indians had slammed Jack Knight for three runs in this inning and brought the score up to 3 to 1 in their favor. In the Portland half the game suddenly changed from the closest of pitching battles to a wet and burlesque of bases on balls, runs forced in and wild tosses. Portland scored four runs in the mix-up and took the game. Score:

Team	W	L	Pct.
Portland	10	10	.500
Indians	9	11	.450

Errors—Reynolds, Kress, McCowan, Connally, Gray. Double—Gray. Hit—Reynolds. Double—Gray. Triple—Reynolds. Single—Kress, McCowan, Connally, Gray. Sacrifice—Kress, McCowan, Connally, Gray. Stolen base—Reynolds. Caught stealing—Kress, McCowan, Connally, Gray. Struck out—Kress, McCowan, Connally, Gray, 10. Time of game—1:45. Umpire—Egan.

SEATTLE, April 25. (AP)—Seattle made it three straight wins today by winning, 5 to 3, after the Indians seemingly had the game in the ice box in the eighth. Seals Victors

as Ump Chases Three Players

(Continued from First Page)

ager Nick Williams rushed up to prove and so did Elmer Jacobs and Pinelli. Williams and Jacobs tried to keep the fiery Italian out of the argument, but Pinelli got his verbal jabs anyhow, and Powell also ordered him out of the game.

Outside of Mr. Powell's inability to get along with the players, or maybe it was the player's inability to get along with Mr. Powell, the contest was nothing to write home about.

CINCH GAME IN EIGHTH
The Seals gave Elmer Jacobs a three-run lead and after the Stars had come within one tally of tying the score, sewed up the encounter with a three-run spree in the eighth.

Hank Hulvey pitched for the Stars and wasn't given much in the way of support by his mates, especially Wally Rehg, who had a terrible time trying to cover the ground allotted him in right field.

Both Hulvey and Jacobs were hit hard, the Seals making thirteen safeties to eleven for the Stars. However, the Seals bunched nine of their hits in two big innings, while Jacobs could only muster two effectively in the pinches.

"Tham" Langford, the Seals' center-fielder, continued his timely hitting and drove in three runs and scored two more, collecting two singles and a triple in four times at bat.

Among other things, the contest proved definitely that the Stars need at the very least two more capable ball players if they hope to reach the first division. The Seals sought to try and dig up some new talent real soon, for if he doesn't the Stars are going to lose a lot of the following they were last year.

Hollywood runners in second in both the first and second innings as a result of two baggers. But both double plays got Jacobs out of trouble. In the first inning Maloney's fly to right center fell safely between Jolley and Langford, who put on an Alphonso-Gaston act, and Mike Crosetti, second, Albert then lined to Suhr, who tossed to Crosetti to double Maloney's second and end the round. Carley led off with a double off the center-field wall in the second, but was immediately doubled out by Suhr. Rehg's attempt to sacrifice resulted in a double fly to Jacobs, who snapped the ball to Crosetti for the double kill.

DIVING STARS TO CLASH

Champions Give Exhibitions at San Clemente in Meet With Silver Gate Swimming Club Aces

BY OLIVE HATCH

Three of the world's greatest divers will appear in exhibitions at the San Clemente Beach Club pool on Sunday as the feature attraction of the dual meet between Spanish Village stars and women swimmers of the Silver Gate Swimming Club of San Diego.

San Clemente Club officials came time, in springboard and high platform diving. Georgia Coleman, America's greatest girl diver, is national ten-foot diving champion and holds national honors in the outdoor high fancy diving event. Smith is 1928 three-foot springboard champion, and second in the 1929 three-foot and ten-foot events just completed in the East.

All three stars have appeared in the past at San Clemente. A large crowd is expected to see them in their first appearance since their successful invasion of middle-western and eastern pools.

Among the San Clemente women swimmers who are scheduled to appear are Adele Whaling, Marjorie Lane, Cecily Cunha, Mildred Lowe, Olga O'Brien and a score of other mermaids. Silver Gate Club enters a host of fair southern swimmers who should score a number of points from the San Clemente stars.

Riley is a four-time national champion and the only amateur ever to hold both the outdoor and the indoor titles of the year.

"Laddie, they're a credit to Scotland"

(Continued from First Page)

Spalding buys the finest tweeds, homespun, and shetlands that Scotland produces. They're the kind of fabrics that usually find their way into suits at \$100 and more. But they're here at Spalding's in 4-piece suits at \$65, \$85 and \$75. Cammied designed for golf, carefully hand-tailored for correct business wear, they'll win the respect of your caddy and of your secretary. Fitted to you by tailors who are impatient of anything less than perfection. And priced, we repeat, at only

men competing, the Colonials may be the ones to upset Santa Ana. Clarence Berry, the defending champion in the high sticks and may beat Rebol, although the chunky Saint runner has made the better times this year. Berry also runs the low and may again cut in on the Saints' score. Another threat is George Stainback in the broad jump. Stainback, if he hits the board right tomorrow, will win the meet. His best jump this year was 22ft. 4in. made in the rain at the Coliseum during the recent A.A.U. meet. Hunter Berger in the other Colonial threat. Berger competes in the high jump and hopes to clear 6ft. tomorrow.

Zoa Leads in Long Ocean Race

MACRAT CRAFT FORGES AHEAD

Has Slight Lead as Boats Reach First Stop

Leads by Seven Minutes at Santa Barbara

Wildon Forced to Return to Starting Point

SANTA BARBARA, April 25.—The power cruisers racing from Los Angeles to San Francisco for the Sir Thomas Lipton challenge trophy arrived here at dark tonight, finishing the first leg of 81.5 nautical miles.

After handoffs were figured by Arthur L. Bobrick, director in the American Power Boat Association, under which rules the event is being staged, it was announced that the Long Beach Pacific Coast Yacht Club entry Zoa, owned by A. N. Macrat, is leading by six minutes and fifty-nine seconds. Zoa is captained and piloted by Lee Baker, well-known Southern California Corinthian yachtsman. Her elapsed time was 7h. 56m. 17s.

Paul F. Johnson, owner of the Beryl of the California Yacht Club, who issued the challenge for the long ocean race to Southern California yachtsmen and brought the race about made the run in 7h. 56m. 11s. She had to allow Zoa twenty-nine minutes and forty-nine seconds for the eighty-one nautical miles run from the starting line of Point Pinos to the local port.

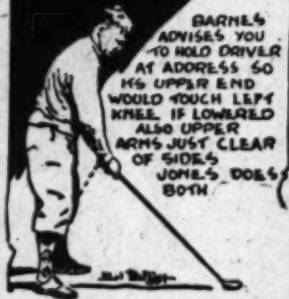

A. L. Magee's Wilcox, California Yacht Club, which was the third entry, was forced to turn back off Point Vicente because of motor backfiring due to spark plugs overheating.

O. M. Callis, Civic Regatta Association, announced tonight that the boats will start their second leg of 190 miles to Monterey Bay at 9 o'clock Friday morning.

The big Coast Guard cutter Algonquin, Commander M. S. Hays, started with the race and will do duty to the Bay City.

Backswing is Important to Correct Form

BY SOL METZGER

BY SOL METZGER

Golf terms are often confusing. Compactness means lack of looseness, yet in playing a stroke we are told not to be rigid. One star says that it would help us if we danced a clog on the tee just before playing the ball.

Be that as it may, compactness must enter into the stroke. The reason given is by centering it that as we address the ball his upper arms are held down close to his sides. Bobby Jones does the same thing, as the sketch shows.

There should be a distinct angle between the line of the arms and that of the shaft at address. Some make the line of the left arm and shaft the same. This means stiffness and leads to lack of balance. Address the ball with the arms well down and close to the sides and hold the driver so that its upper end would touch the left knee if you pressed it down that far. That's Jim Barnes' scheme for getting your wood in position at address. Tomorrow—the start of the backswing.

Sol Metzger has prepared a leaflet on some vital points to remember in putting. He will send this to any reader sending him a stamped, addressed envelope. Address this paper.

FAVORITES WIN IN OJAI TENNIS

Only One Upset in Opening Play of Tourney

OJAI (Cal.) April 25. (Exclusive)—The opening day's play in the thirty-fourth annual Ojai all-California tennis tournament passed with but a few minor upsets. The victory of Lon Patterson, member of the Santa Monica boy's net team, over Nathan Bundy of the Harvard school at Los Angeles, in a terrific three-set struggle, proved one of the day's feature singles titles. Patterson won by scores of 6-4, 4-6, 7-5.

Clifford Robbins of Los Angeles was the only individual to score an upset in the invitational men's singles when he eliminated one of the leading Northern California invaders, Joe Coughlin, of the Berkeley Tennis Club, 6-7, 6-3, 6-2, in a first-round contest. Jack Delara, Trojan frosh star, won his opening match from Wallace Bates of San Francisco by default when the latter wired his inability to make the trip at the last minute.

Perhaps the flashiest dish of tennis ever offered the valley enthusiasts was handed out yesterday by Sidney Wood, the New York schoolboy, who is wintering in Pasadena. Wood simply sat on his fellow Los Angeles Athletic Club team-mate, Lester Steffen, in their first-round engagement, winning by the handy scores of 6-1 and 6-2. Wood simply could not miss yesterday, and his back and forehand drives found every nook and corner of the court, and hardly gave Steffen a chance to hit his stride before the match was over.

Gerald Stratford of San Francisco and Alan Herrington, Los Angeles, seeded first and second in the singles drawing, came through with other favorites to the quarterfinal bracket. Herrington eliminated Joe Bixler and Clarence Barker, both of Los Angeles, in easy straight sets, while Stratford downed H. A. White of Santa Barbara in his only tilt, 6-4, 6-4. Herrington meets Delara in his quarterfinal match tomorrow while Stratford tangles with Vince Marjorie "Midge" Gladman, a sophomore at U.S.C. and seventh ranking player in the country, led the women's singles field, winning from Francis Pein, Pasadena, 6-1, 6-1. She was joined in the second-round bracket by Mrs. Peggy Stratford of San Francisco, who conquered Mabel Reed of Los Angeles, 6-4, 6-1.

MIDGE GLADMAN

Yesterday's summary:

MEN'S SINGLES
First round—Robbins defeated Coughlin, 6-7, 6-3, 6-2; Barker defeated Bixler, 6-1, 6-1; Delara defeated Bates, 6-1, 6-1; Wood defeated Steffen, 6-1, 6-2; Herrington defeated Stratford, 6-1, 6-1; Stratford defeated White, 6-4, 6-4; Robbins defeated Bundy, 6-4, 4-6, 7-5.

MEN'S DOUBLES
First round—Steffen and Chaffee defeated Wood and Herrington, 6-4, 6-2; Barker and Bixler defeated Bates and Delara, 6-1, 6-1; Stratford and White defeated Robbins and Bundy, 6-4, 6-4; Wood and Herrington defeated Steffen and Chaffee, 6-1, 6-1.

WOMEN'S SINGLES
First round—Herrington defeated Pein, 6-1, 6-1; Stratford defeated Reed, 6-4, 6-1; Robbins defeated Bundy, 6-4, 4-6, 7-5.

WOMEN'S DOUBLES
First round—Herrington and Stratford defeated Pein and Reed, 6-1, 6-1; Robbins and Bundy defeated Bates and Delara, 6-1, 6-1; Herrington and Stratford defeated Pein and Reed, 6-1, 6-1.

COLLEGE DOUBLES
First round—Herrington and Stratford defeated Pein and Reed, 6-1, 6-1; Robbins and Bundy defeated Bates and Delara, 6-1, 6-1; Herrington and Stratford defeated Pein and Reed, 6-1, 6-1.

INTER-SCHOOL DOUBLES
First round—Herrington and Stratford defeated Pein and Reed, 6-1, 6-1; Robbins and Bundy defeated Bates and Delara, 6-1, 6-1; Herrington and Stratford defeated Pein and Reed, 6-1, 6-1.

INTER-SCHOOL DOUBLES
First round—Herrington and Stratford defeated Pein and Reed, 6-1, 6-1; Robbins and Bundy defeated Bates and Delara, 6-1, 6-1; Herrington and Stratford defeated Pein and Reed, 6-1, 6-1.

Agua Caliente Promoters Quit Directorships

BARON LONG, WIRT G. BOWMAN AND JAMES N. CROFTON, DIRECTORS OF THE AGUA CALIENTE COMPANY, WHO RECENTLY ANNOUNCED THEIR INTENTION OF BUILDING A \$1,000,000 HORSE RACING TRACK AT THE BORDER RESORT, TODAY RESIGNED AS DIRECTORS OF THE LOWER CALIFORNIA JOCKEY CLUB, WHICH OWNS THE TIJUNA TRACK.

Satisfactory financial arrangements were made with James Wood Crofton, president of the latter organization, and the three reiterated their intention of going ahead with the plans for a new plant. These include the construction of a steel and concrete grand stand, similar stables, a turf lawn, spacious clubhouse, ultramodern quarters for race-track attendants, and all modern improvements for the horses as well as the fans.

SOL METZGER has prepared a leaflet on some vital points to remember in putting. He will send this to any reader sending him a stamped, addressed envelope. Address this paper.

Soccer Teams in Last Game

The last league games of the season are scheduled for Sunday at Loyola Field when L.A.C. draw swords with Magyars in a ninety-minute battle for points in the feature tilt at 3 o'clock. And Vikings will fight Scots in the opening encounter at 1 o'clock.

Both contests should provide interesting games and another good crowd may be on hand. L.A.C., one of the finalists in the Southern California Cup contest gave a smart display last week to overcome the consistent Scots, but they thoroughly deserved the victory. Magyars will be wise to take nothing for granted and if they wish to further improve their position in the standing they will have to go all out to trim the Mercuries.

Hollywood travels to San Bernardino this week-end where they will clash with the smart Burns aggregation in the semifinal of the California Cup contest Sunday.

Uplifters to Meet Pirates

Uplifters horsemen led by Hal Roach, sensational left-handed polo star, will lock horns with the Santa Monica Pirates, captained by Snowy Baker, Sunday afternoon at the Rustic Canyon Field. The game is expected to be one of the best low-goal affairs of the summer season. Young Will Rogers will ride at No. 1 for the Uplifters. It marks the first appearance of Young Rogers this season. Young Will is rated as a coming star by Uplifter polo followers.

Baker will have a scrappy team on the field. Georges Musaphia will ride No. 1, Loyl Puckett at No. 2, Baker at No. 3 and Scott Hackley at back. The game is scheduled for 2:30 p.m. The field is in Rustic Canyon right off Beverly Boulevard. Whippet races will be staged between halves.

The line-ups:

Santa Monica	No. 1	Uplifters	No. 1
Musaphia	No. 2	Rogers	No. 2
Baker	No. 3	Puckett	No. 3
Hackley	No. 4	Baker	No. 4

CHRISTIAN NINE COPS

Behind the effective purling of Lorenz, the California Christian College nine blanked the Glendale Junior College team, 4 to 0, yesterday on the Panthers' diamond.

Score:

C. C. C.	R. H. E.
Glendale	0 4 1
Lorenz and Sater	Knox and Ryan

DADDY OF ROWING DIES

NEW YORK, April 25. (AP)—James Pilkington, known as "the father of amateur rowing" died today in his seventy-eighth year. For twenty years he was president of the National Association of Amateur Oarsmen.

Foul Tips

"The Great" Made is going to pitch for the second time, which ought to bring a good crowd. The pitcher, who has been called "The Great" by the fans, is going to pitch for the second time, which ought to bring a good crowd.

Mails wanted to come up and do some business with the radio. The radio station, which is going to pitch for the second time, is going to pitch for the second time, which ought to bring a good crowd.

Although young Frank Cross will be a good pitcher, he is a better pitcher than the one who is going to pitch for the second time, which ought to bring a good crowd.

The ball appeared on Rollins' triple in the seventh. The pitcher, who has been called "The Great" by the fans, is going to pitch for the second time, which ought to bring a good crowd.

Hollywood certainly needs another infielder and at least one more outfielder. The pitcher, who has been called "The Great" by the fans, is going to pitch for the second time, which ought to bring a good crowd.

BAKERSFIELD TRIMS SAN BERNARDINO, 12-8

BAKERSFIELD, April 25. (AP)—Bakersfield made it two straight victories over the San Bernardino team by converting sixteen hits into twelve runs here today. The Padres garnered eight runs off DeGarmark, who pitched his first game for the Bees. The score:

Bakersfield	12 8 2
McDougal, Leiber and McIsaac	DeGarmark and Port

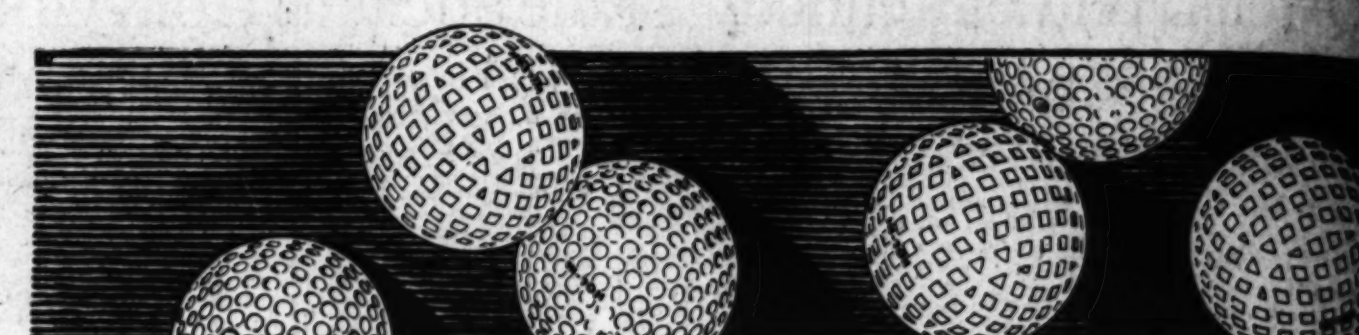

HERNANDEZ MEETS SAMSON

Many of the arguments regarding the ability of Leo Hernandez, the young Mexican welterweight who has kayaked eleven opponents in scoring twelve straight wins, are expected to be settled tomorrow night at the Main Street Athletic Club when he climbs through the ropes to meet Bert Samson.

The latter has beaten several boxers rated above the Mexican and has come through thirty bouts without a defeat.

STANFORD NINE IS AWARDED LETTERS

STANFORD UNIVERSITY, April 25.—Thirteen members of the Stanford baseball team were awarded block "B" letters yesterday for the season's work. Only two of the winners will be lost to the team for next year. They are Capt. Frank Wilton, centerfielder, and Douglas Lewis, pitcher. Bill Laird, third baseman, has been elected to captain the varsity next season.

What the World's Greatest GOLF BALL OWES TO THE TIRE INDUSTRY

An Acknowledgment and a Statement about the Unqualified Hol-Hi Guarantee

WHEN today's great automobile roads were still a dream of the future and tires were far less perfect than now—important tire companies fell into the competitive sales policy of making definite mileage guarantees for their product.

Guarantees sounded impressive—at first. But the man who happened to live in the vicinity of fairly good roads found that, in practice, his actual mileage easily exceeded the guarantees.

The man who lived adjacent to bad roads got two-thirds of the promised mileage and—switched to a different company's tires.

When roads and tire construction both became incomparably better and 99 out of 100 tires could exceed the old guarantees—tire companies out-grew limited and argumentative guarantees of mileage. And because the average American citizen appreciates and is a good judge of real value, the tire industry has won and held the enduring loyalty of countless millions on a basis of actual value as against the old fallacy of limited mileage guarantees.

In offering to the American Public the amazing Hol-Hi Golf Ball, Wilson-Western will adopt the sound policies developed and proved by the great tire industry.

In the Hol-Hi Ball are combined, at last, two great qualities—the tremendous distance of the high-compression ball never possible to guarantee heretofore—and the tough cover qualities heretofore valuable mainly as the background that would permit a limited guarantee for a specified number of holes. It is offered to the public on a basis of value which permits an absolute and unqualified guarantee. This great Hol-Hi value has no more to do with the number of holes limiting its play than has modern high-grade tire value a need to cry its virtue on a basis of mileage.

The Hol-Hi swept into nation-wide popularity last year at \$1.00. Where possible, improvements have been made in this year's product, and with the cost slightly increased, the demand for this sensational ball is so great as to permit us to manufacture it in such quantities that we are now able to sell the new Hol-Hi for 75c.

And the Hol-Hi is unqualifiedly guaranteed to give you absolute satisfaction.

Not for a limited number of holes. For how long? Until you yourself agree that by all previous standards you have received the best value you've ever received in your golfing life!

It is because the Hol-Hi has gone so far beyond normal expectations for any ball's performance that such a guarantee as this is now possible.

GUARANTEE

This Hol-Hi Ball is guaranteed to give absolute satisfaction—no matter how many holes you choose to play it—for the length of its life in the hands of the original purchaser. It is entirely guaranteed for durability, playability and uniformity. It will not duck or wobble in the air. It is guaranteed to retain its shape, not to crack, and to retain its paint. If not entirely satisfactory, it will be immediately replaced.

HIGH LIGHTS IN HISTORY

1325 The Story of the World War 95—Increasing the Navy.

by J. CARROLL MANSFIELD

ON THE SAME DAY THAT PRESIDENT WILSON SENT HIS THIRD "LUSITANIA" NOTE OF WARNING TO BERLIN (JULY, 1915), HE DIRECTED JOSEPHUS DANIELS, SECRETARY OF THE NAVY, TO PREPARE A PLAN FOR A GREAT INCREASE IN THE AMERICAN NAVY.

AT THE SAME TIME WORK WAS RUSHED ON WARSHIPS ALREADY UNDER CONSTRUCTION. IN 1916, THE NAVY BILL, EMBODYING A 5-YEAR BUILDING PROGRAMME OUTLINED BY THE NAVAL EXPERTS, WAS PASSED BY CONGRESS. DUE TO THE RAPID MARCH OF EVENTS IT WAS DEEMED EXPEDIENT TO CUT THE 5-YEAR CONSTRUCTION PERIOD TO THREE YEARS.

THE NAVY BILL AUTHORIZED THE BUILDING OF 10 GREAT DREADNAUGHTS, SIX POWERFUL BATTLE CRUISERS, 10 SCOUT CRUISERS, 10 TORPEDO BOAT DESTROYERS, 101 SUBMARINES (15 OF THEM TO BE OF LARGEST SIZE AND EXTENSIVE CRUISING RANGE), BESIDES A NUMBER OF FUEL AND SUPPLY SHIPS AND TENDERS.

IF A HUGE APPROPRIATION FOR THE DEVELOPMENT OF THE SERVICE BRANCHES HAD BEEN SADLY NEGLECTED, TOMORROW'S NAVY WOULD BE A SHAME.

FORESTRY
Ordinances
Department
Must Devise
Schedule
Planting of Trees
Later

A new department of forestry was created by the City Council yesterday, which will work under the supervision of the Board of Park Commissioners. The new department will be responsible for the planting, removal, maintenance and care of trees, plants and shrubs on public streets and highways. It will be under the direction of an official to be known as the City Forester.

The first duty of the City Forester will be to commence the preparation of a comprehensive plan of tree planting for the whole city, showing particular streets for particular specimens of trees or plants. After approval by the Park Commission and the Board of Public Works this plan will be submitted to the Council.

According to the ordinance, the

GRIMES BOND TILT NEARS

Prosecutor's Office to Oppose Move to Gain Release of Woman in Jacobson Case

Any effort to obtain the release of Callie Grimes, accused with five other defendants of "framing" the arrest of Councilman Jacobson on a morals charge last year, will be opposed by the District Attorney's office, it was indicated yesterday by George Bush, deputy District Attorney who, with E. J. Dennison, prosecuted the case.

This attitude became known following reports that preparations are being made by the defense to deposit the \$20,000 bond required for Mrs. Grimes.

According to Dep. Dist. Atty. Bush, inasmuch as Mrs. Grimes once failed to keep her word to remain in the city, she will be kept in custody, if possible, until the second trial is finished. The trial is scheduled to be held on May 27, next, in Superior Court. Codefendants with Mrs. Grimes are Frank B. Cox, her brother-in-law; Dick Lucas, Harry Raymond, Capt. Hubert J. Wallis, and Capt. J. F. Williams.

ment, which will work under the supervision of the Board of Park Commissioners, will be to regulate the planting, removal, maintenance and care of trees, plants and shrubs on public streets and highways. It will be under the direction of an official to be known as the City Forester.

According to the ordinance, the

tree-planting plan "may, but need not, be adopted in its entirety by the City Council at one time but the City Council may adopt the uniform street tree planting plan for different portions of the city within a reasonable length of time after the completed plan for any particular portion of the city has been submitted to the Council."

LIGHT ORDINANCE HELD UP
Although protests against the ordinance of intention for the installation of lights on Lake street between Beverly Boulevard and Ocean View avenue were denied by the City Council yesterday, the City Engineer was instructed to withhold the presentation of the final ordinance for one year.

Array of Legal Talent to Appear Before Rail Board; Score of Cities to Fight

An array of legal talent will appear in the courtroom of State Railroad Commissioner Witell at 10 a.m. today when the hearing on the petition of the Pacific Electric Railroad for an increase in passenger rates is opened. The hearing will consume several days, it was said yesterday.

Attorneys and engineers in the employ of the Pacific Electric will present their case and will be opposed by city attorneys representing a score of Southern California towns and cities affected by the company's proposed fare increase. Chief Engineer A. G. Mott, and J. O. Hunter, transportation engineer for the Railroad Commission, will be present at the hearings.

YOUTHS WHO ESCAPED
PHOENIX JAIL CAUGHT

After escaping jail at Phoenix, Ariz., two youths were arrested yesterday on a charge of violating the Dyer Act by transporting an asserted stolen automobile from Los Angeles to Arizona. The youths, Harley Alter, 16 years of age, and William Jones, 18, were first arrested at Phoenix, but are reported to have escaped jail there. They were ordered by United States Commissioner Head to be held for removal to Arizona for trial.

NEW ENGLAND WANTS MORE

Growing Call for California Products Set Forth by President of Boston and Maine Railroad

If not even a single New England tourist ever had chanted the praises of California on his return to his native land, still the Golden State would be well-known in Boston and throughout the northern part of the country.

This was the statement made at a visit in 1910. I am amazed at that growth, and continued development of your industries should carry Los Angeles far."

Mr. Hannauer described his railroad's new North Station in Boston and declared that approximately 350 trains arrive and depart there daily. And an unusual feature of the station is an auditorium capable of seating 18,000 persons, he said. President Hannauer, a veteran railroad man who grew up with the old New York Central, is the inventor of an electrically controlled car retarder used to control speed of freight cars in classification yards as they are distributed to the various tracks.

POPULAR PRODUCTS
California field, grove and vineyard products are popular in New England, Mr. Hannauer declared. "For instance," he explained, "in 1923 Boston was receiving and consuming 700 carloads of California lettuce. Today the same community receives and disposes of 20,000 carloads. That is the figure for 1928. In the same year we handled approximately 5000 carloads of California grapes in New England."

CITY COMMENDED
"Los Angeles is playing the right game when it goes in for industrial development. You have had a remarkable growth here since my last

LOCAL MAN HONORED
Joseph A. Witham of Los Angeles has been appointed an apprentice petty officer at the United States Naval Training Station, San Diego. It was announced yesterday by Capt. C. W. Cole, commanding. These men are chosen, said Capt. Cole, because of their neat personal appearance, their ability to profit from instruction, and the quality of leadership shown during their period of training. Witham is the son of Mrs. J. A. Witham of 1420 West Twenty-eighth street.

KANSAS COUNTY TO RALLY
An all-day picnic for former residents of Logan county, Kansas, will be held Sunday at Brookside Park, Pasadena.

ORDER GIVEN
ON HAMPTON
LIBERATION

Court Rules Reversal of Killing Conviction Minus Retrial Clause Acquittal

Frank Hampton, tried for murder, convicted on a charge of manslaughter but kept in jail after the District Court of Appeals had reversed the judgment of the Santa Barbara County Superior Court, was ordered released from custody yesterday by the same Appellate Court acting upon Hampton's petition for a writ of habeas corpus.

It was shown that, in reversing the judgment of the Superior Court which found Hampton guilty of manslaughter, growing out of the death of another man in a pool-room fight, the District Court of Appeal did not order a new trial nor direct that he be discharged. In the absence of any order Hampton was kept in jail by the Santa Barbara authorities.

"Where appeal is from the judgment alone and where the Appellate Court reverses the judgment without any order concerning the subject of a new trial, such reversal shall operate as a final determination of the action, thereby entitling the defendant to discharge from custody," Presiding Justice Convey wrote in the opinion. It was concurred in by Associate Justices Houser and York.

NEWS OF THE CAFES

Service has been extended to twenty-four hours a day at the Roosevelt College Inn, new coffee salon de luxe of the Roosevelt Hotel in Hollywood, following its opening last night.

In addition to its regular service of breakfast, luncheon, dinner and its suppers for after-midnight patrons, the College Inn offers a catering service with buffet luncheons and dinners in private homes. A delicious department offering every imported delicacy is a feature of the new coffee shop.

SHOPPERS LIKE JAHNKE'S
The proximity of Jahnke's Coffee Shop on West Ninth street between Spring street and Broadway to many of the theaters makes that cafe one of the popular eating places for after-theater crowds. The coffee shop is open all night and features special late-hour delicacies. Jahnke's also is a favorite meeting place for women who dine and rest after their shopping tour. A complete dinner is served evenings and Sunday as well as luncheons and a la carte service.

NEW DANCER AT SHOW
Frances Hill, burlesque and wing dancer from "The New Moon" show in New York will make her debut in "East of Suez," new musical revue, at the Pom Pom, Hollywood, tonight. She began her career with Fanchon and Marco in San Francisco, and then went to New York, where she joined "Artists and Models," Stuber's revue, at the Winter Garden.

In the new Pom Pom revue Frances will step through a series of fast dances, including "Doin' the Raccoon."

CAFETERIA POPULAR
Two prime reasons for the constantly increasing business and popularity of the Harmony Cafeteria on Hollywood Boulevard near Vine street are quality foods and cheerful counter service, the management reports. Another feature of the cafeteria is a complete change daily of the menu. The wholesome foods and a wide selection of health salads are attracting families with children, thereby creating a homelike atmosphere unusual for such establishments. The Harmony is open every day in the week, including Sunday.

STUDENT TO BE HONORED
With Jack Stumph, popular student at the University of Southern California, as guest of honor of Collegiate Night at the Montmartre this evening, and Estelle Taylor as the honored guest of the tango tea dance to be given tomorrow afternoon at the Hollywood cafe, two important events of the week will take place.

Miss Taylor, a tango enthusiast, in sponsoring the affair tomorrow is putting her approval to a fact that is becoming the rage in film circles.

FORTUNES READ
The Bottom of the Cup Tea Room, occupying a little green cottage facing Hollywood Boulevard across from Grauman's Egyptian Theater, is doing a capacity business even though it is almost hidden from view by the tall buildings surrounding it. Because of its seclusion it has become a rendezvous for famous stage and screen stars. Lunches and dinners featuring home cooking are served. The hostess, Miss Nantein Basten, delights the guests by reading fortunes with tea leaves and cards.

COLLEGIATE NIGHT
The Roof Garden Cafe, which recently opened on the thirteenth floor of the American Storage Building on Beverly Boulevard, will hold its first Collegiate Night tonight, according to announcement of the management. A number of special features are being planned for this occasion, with special music by Bert Crossland's Syncopaters and a dancing contest.

SPECIAL SALAD PLANNED
With the increasing popularity of the motion-picture luncheons which Miss Helene has been presenting every Friday at the Paramount Tea Room near the Lasky studios, arrangements have been made to continue them indefinitely. This noon Polly Ann Young, popular leading woman of the screen, will be the honored guest. A special menu has been planned for the occasion, with a "Polly Ann Young" salad featured.

CLUB TO HEAR DR. TREGOE
Dr. J. H. Tregoe, professor of finance at the University of Southern California, will be the speaker at today's luncheon of the Los Angeles Exchange Club at the Billmore. His subject will be "The Business Drifts of Our Present Period." Russell Malcolm MacLennan of the Security-First National Bank of Los Angeles will be chairman. Miss Bunny Sheridan, dancer, will furnish the entertainment program.

BREAD SECRETS
TOLD AT SHOWLarge Crowd Hears Speech
on Baking ScienceMore New Features Added to
Food Exhibit"Souvenirs" Eaten on Spot
Continue in Favor

The cosmopolitan grouping of peoples in municipalities was featured yesterday at the Food and Household Show in Ambassador Auditorium with bringing about the great variety of bread loaves found today in the nation's markets.

Arthur W. Baruch of 2645 Pasadena avenue, addressing a large audience, said the incentive for variety came to the baking business with the new modes of living. As cities grew in the last score years to astounding proportions, he said, the inhabitants were thrown in contact with every nationality, and the bread-eating tastes of the world were absorbed by the American.

NEW ERA IN BAKING

Millions of dollars in experiments on fermentation and the production of modernized, scientifically correct machinery, the speaker declared, sounded the death knell for the old fashioned, unpleasantly odoriferous bakeries of the past.

"Only a score years ago," Baruch said, "the average housewife boasted of her bread baking skill. This was due largely to the unsatisfactory product obtained in the bake shop. Modern ovens, which control the temperature and humidity, the blending of flours and the recently discovered facts pertaining to fermentation, have put 'bought bread' on its present high plane."

MORE FOOD FEATURES

Many innovations were added yesterday as another record breaking throng surged through the auditorium. Arrangements were made for increasing the exhibits today, as plans were formed for bringing the show to an end with a flourish tomorrow night.

Louis Nussato of 425 North Lacerne avenue installed an exhibition of dice, used in punching the longitudinal tunnel in macaroni and spaghetti. Macaroni, formed as strings of beads, were exhibited in a plenteous, each bead done in a distinctive form and hue. Scores of additional firms began giving away increased samples with flap-jacks, annealed in syrup and butter, well to the front in popularity among souvenirs which were to be eaten on the spot.

Five hundred South Africans are being trained in diamond cutting in connection with the establishing of the industry in their country.

GREAT SUM
SPENT HERE
BY TOURISTSAll-Year Club Statistics
Disclose 140,852 Visitors
Left \$136,597,929 in 1928

A total of \$136,597,929 was spent here during the year 1928 by 140,852 visitors who passed three months or more in Southern California, an accurate survey completed recently by a reliable economic service reveals. W. P. Jeffries, chairman of the executive committee of the All Year Club, announced yesterday. These visitors to the Southland represent a population approximately equal to the population of Salt Lake City.

Mr. Jeffries' statement in part follows: "After a careful check it is reported to the All Year Club by expert statisticians that during 1928 there was a constant average of 140,852 persons in Southern California on visits of three months or longer, who spent here \$136,597,929. These expenditures are distributed as follows: Food, \$27,234,038; rent, fuel and light, domestic, personal and professional services, \$28,133,115; clothing, \$23,016,885; local transportation, \$23,016,131; recreation, \$16,234,860. These losses also constituted 10.2 per cent of our consumers last year, representing enough people to populate a city about the size of Salt Lake City. A large number of these people came originally as tourists and returned for more extended stays for business, pleasure, or a combination of both."

When one adds to this local buying power of \$136,597,929, the \$208,067,100 annual cash expenditures of tourists, that is, strictly pleasure visitors here on stays not exceeding three months, some idea is obtained of what the All Year Club's tourist development work means to business activity in Southern California."

CONVICTION
OF MINING
MAN UPHOLDWickersham's Appeal to
District Court of Appeals
Meets With Defeat

Conviction of Sam Wickersham, Los Angeles mine promoter, on three counts of grand theft, involving approximately \$700,000 worth of property, which, it was charged, he converted to his own use, was upheld by the District Court of Appeals here yesterday. Wickersham was convicted in the Superior Court of Judge Emmett Wilson.

His appeal to the Appellate Court was from the judgment of the lower court and from the latter court's order denying a motion for a new trial. Wickersham, it was charged, converted 32,000 shares of corporate stock, a deed of trust and \$2500 in cash, entrusted to him for investment in a mine, to his own use.

The opinion upholding the judgment was written by Justice Craig and concurred in by Justices Work and Thompson.

Belgian Band
Arrives Today

Official welcome to the Royal Belgian Symphonic Band, following its arrival on the Southern Pacific special train, will be extended to the seventy-three members of the band by Mayor Cryer and Belgian Consul Charles Winsel this morning.

The band will give an afternoon concert at 3 o'clock and go to the City Hall steps to be greeted by Mayor Cryer and other city officials. Following their greeting the band members will leave for Pasadena, where two concerts will be given in the Rose Bowl. Returning here the royal band will give an afternoon concert at 3 o'clock and go to the City Hall steps to be greeted by Mayor Cryer and other city officials.

BELT LINE PLAN EXPLAINED

Single Uniform Rate to Prevail, Says Manager;
Club Hears Trade Linked to Peace

Under the Los Angeles Harbor belt line plan, to become operative about June 1, all the railroad facilities are merged into a single operating unit subject to a single uniform rate irrespective of trackage ownership. George Squires, general manager of the belt line, presented this fact in an address yesterday before the Foreign Trade Club of California as an outstandingly important in opposition to the theory of municipal ownership. The latter method would involve five sets of rates for consideration in arriving at switching charges and therefore would occasion much figuring and possible confusion, he said.

Mr. Squires outlined the belt-line Chamber of Commerce here, told the club in discussing "Trade Relations With Japan."

Mr. Sano visualized greater prosperity through greater foreign trade and told of industrial and other conditions in Japan in connection with the increase of commerce.

There was a club discussion of the Mills proposals pertaining to duty appraisals.

The club will send a letter of congratulation to Dr. Julius Klein on his promotion to assistant Secretary of Commerce.

TRADE AND PEACE

Foreign, or international trade, as he said he prefers to term it, is a powerful factor in the establishment of international peace. J. K. Sano, manager of the Japanese Consulate of the California Bank and vice-president of the Japanese

BRADY STARS NANCY WELFORD

Ben Lyon to Appear on Stage Opposite Miss Welford;
Walter Catlett Groomed for Fox Director Job;
Arthur Lake Leaving Universal in July

That New York theatrical producers are beginning to look to Los Angeles and Hollywood as a production center, is evidenced by the fact that a certain well-known New York producer is about to put on his first play out here.

Since the talking pictures are uncovering excellent voices in the picture stars, with all the advantages to a producer of the advertising value such stars have, the example of the theatrical man mentioned above probably will be followed by others.

William A. Brady is the producer in question. He announces that he is to star Nancy Welford here on the stage in a musical comedy called "Up She Goes," which was done in New York.

Lyon as Leading Man

Ben Lyon, we understand, is to have the leading male role in "Up She Goes." Ben has a good singing voice, which will be heard to excellent advantage in this stage production of Brady's.

When the stage run of "Up She Goes" is finished, it is expected that Brady will probably put it into musical picture form, thus establishing himself as a film as well as a theatrical magnate.

Douglas Kenyon, who appeared here opposite Nancy Welford in "Twinkle, Twinkle," which was produced at the Mayan, is to have a featured role in the production.

Helen Bellier, New York stage star, who played the leading female role in "Cradle Snatchers" at the Belasco, and who is now in the West appearing in talking pictures, will have the role in "Up She Goes," which she created in the East. Another member of the original cast, now in Hollywood, Fred Graham, also will appear.

In the meantime, Florence Ziegfeld has made an offer to Miss Welford to star her in a musical version of "East West," which he intends putting on in New York next fall. As Miss Welford is now playing for Warner Brothers in "The Gold Diggers," it looks as though she was going to be a pretty busy young lady during the coming year at least.

WALTER CATLETT TO
REMAIN AS DIRECTOR

While Walter Catlett presumably came west only to star in Fox pictures, the fact remains that he is to be a director.

So it thrills the numbers of Fox pictures, which he has directed, that he is to be a director.

He is to be a director, which some of the Fox writers, signed by Fox, will begin to compose.

Both Miss Moran and Percy did splendid work, it is alleged. Miss Moran as a dancer, while Percy's voice registers most excellently.

John Boles with R-K-O.

It looks now as though John Boles will certainly play and sing the leading masculine role in "Up She Goes," which is to be a production of "Rose Marie."

Boles is under contract to Universal, but he is loaned to R-K-O. for this production. The success of the singer in Warner Brothers' picture, "The Desert Song," makes it likely that he will be in demand for many of the important singing productions.

Miss Tacie Mae Hanna of the school of speech, University of Southern California, yesterday announced the short plays, poems, essays and musical compositions selected by her committee for presentation in the fifth annual apollo to be given in Touchstone Theater May 14. The plays include: "In the Crystal," by Vera May Lewis; "At Last Civilized," by T. Reginald Arkell; "Star Dust," by Lois Eby; "Confession," by Kenneth Short; and "Love Looks at the Moon," by Bernice Palmer. Poems are by Elaine Buttrud, Eleanor Tins, Lorraine Sherer, Grace Harmon, Thomas Winkler, Margaret Montgomery and Pauline Curran, while the musical numbers chosen are the work of James Morrison, Pauline Master, Kenneth Winstead and Winifred Brown. Poems essays selected are by Vera-May Lewis and Fay Keyzers.

George K. Arthur, Metro-Goldwyn-Mayer character comedian, has signed under a long-term contract as a reward for outstanding performances during the past season.

The comedian has scored heavily in the comedies in which he and Karl Dane have co-starred, such as "Rookies" and "On to Singapore," and has also distinguished himself in the "M-O-M. Revue," "Spring Fever" and other efforts.

Arthur Lake Leaves Universal

Following two more months as a star of two-reel comedies, Arthur Lake is to leave Universal, he told us yesterday.

Lake is a youth who rose rapidly in pictures. He got his first good break with Universal, his contract expires about July 1, and he will then consider the several good offers which have been made him by other organizations.

It is rumored that Lake will sign with First National, for which he has played most satisfactorily several juvenile roles.

Henry Walthall's Big Break

Henry Walthall, for nineteen years a screen favorite, has just been signed to play what may prove the biggest role of his career.

He is to be Charles Rogers' dignified father in the star's new all-dialogue production, an adaptation of Booth Tarkington's "Magnolia." It was announced yesterday by B. P. Schulberg.

Mary Brian has the feminine lead, while June Collyer has the second important feminine role. Richard Wallace will direct.

Make Two in One

When Fox had completed its Fox Pictures, it discovered that there was enough material in the production for two pictures.

So it thrills the numbers of Fox pictures, which he has directed, that he is to be a director.

He is to be a director, which some of the Fox writers, signed by Fox, will begin to compose.

Both Miss Moran and Percy did splendid work, it is alleged. Miss Moran as a dancer, while Percy's voice registers most excellently.

John Boles with R-K-O.

It looks now as though John Boles will certainly play and sing the leading masculine role in "Up She Goes," which is to be a production of "Rose Marie."

Boles is under contract to Universal, but he is loaned to R-K-O. for this production. The success of the singer in Warner Brothers' picture, "The Desert Song," makes it likely that he will be in demand for many of the important singing productions.

Miss Tacie Mae Hanna of the school of speech, University of Southern California, yesterday announced the short plays, poems, essays and musical compositions selected by her committee for presentation in the fifth annual apollo to be given in Touchstone Theater May 14. The plays include: "In the Crystal," by Vera May Lewis; "At Last Civilized," by T. Reginald Arkell; "Star Dust," by Lois Eby; "Confession," by Kenneth Short; and "Love Looks at the Moon," by Bernice Palmer. Poems are by Elaine Buttrud, Eleanor Tins, Lorraine Sherer, Grace Harmon, Thomas Winkler, Margaret Montgomery and Pauline Curran, while the musical numbers chosen are the work of James Morrison, Pauline Master, Kenneth Winstead and Winifred Brown. Poems essays selected are by Vera-May Lewis and Fay Keyzers.

George K. Arthur, Metro-Goldwyn-Mayer character comedian, has signed under a long-term contract as a reward for outstanding performances during the past season.

The comedian has scored heavily in the comedies in which he and Karl Dane have co-starred, such as "Rookies" and "On to Singapore," and has also distinguished himself in the "M-O-M. Revue," "Spring Fever" and other efforts.

Arthur Lake Leaves Universal

Following two more months as a star of two-reel comedies, Arthur Lake is to leave Universal, he told us yesterday.

Lake is a youth who rose rapidly in pictures. He got his first good break with Universal, his contract expires about July 1, and he will then consider the several good offers which have been made him by other organizations.

It is rumored that Lake will sign with First National, for which he has played most satisfactorily several juvenile roles.

INNOCENT MAN SAVED FROM PEN
Willard Mack Turns Out
Good Talking Melodrama
on Familiar Theme
BY EDWIN SCHALLETT
Seems to me "The Voice of the City" is the name of a story once written by the late O. Henry. And then, again, it sometimes signifies that hum of toll and traffic that emanates from a big metropolis. But whatever the significance of the title and who cares, perhaps—the picture thus commended at the Loew's State Theater happens to be a crook melodrama, and quite an enlightening one.

SHAKESPEARE A LA WHOOPEE UNVEILED
"Much Ado About Nothing"
Given by Pasadena Players
in Modern Dress
BY KATHERINE T. VON BLON
Pasadena Community Playhouse has gone Elizabethan, but with reservations. Every artifice of the ultra-modern contrives to stimulate, and even cinema palaces and jazz bands contribute their acceleration of color and dissonance, to a novel and almost startling performance of the sprightly "Much Ado About Nothing."

'Night Hawk' Opens at the Orange Grove
No, sir—one can't live down the old life, even after a successful rejuvenation treatment! And "The Night Hawk" goes to prove it—somewhat comically for those who wish to laugh, it must be admitted.

'INTERLUDE' MOVES INTO MUSIC BOX
Guild Production Will Run
Single Week in Hollywood,
Woodward Reports
Since the opening of "Strange Interlude" at the Biltmore Theater hundreds of playgoers living and working in Hollywood, Beverly Hills and districts beyond, have complained that it is impossible for them to reach the Biltmore Theater by the early 5:30 opening hour of the play. Now it is announced that the New York Theater Guild production, "Strange Interlude," moves away from Southern California, these hundreds of people will have an opportunity to see it without missing any of the first act.

Popular Singing Team Retained
Complying with innumerable requests, the Orpheum Theater will hold Van and Schenck, popular song stars, for a second week starting Sunday. They will present a repertoire of new songs. Co-headlining with them will be Florence Moore, comedienne.

Part-Talkie Made from Prize Play
"Saturday's Children" at Paramount; Star's Voice Lacks Color
BY MARQUIS BUSBY
Being a sincere admirer of the lovely Corinne Griffith perhaps it is permissible for one to offer a helpful suggestion about that old trouble of hers. They do tell me that sulphur and molasses is pretty good for that tired feeling. If she had tried it before filming "Saturday's Children" at the Paramount Theater this week, it would have been a better picture.

CHARM UPPERMOST
IN NEW FOX FILM
"Blue Skies," as Silent as Its Name Indicates, Seen at Boulevard
Not a world beater, but a delightful little segment of make-believe is "Blue Skies," a Fox production which patrons of the Fox Boulevard Theater inspected yesterday. The film is really another in the series of youth stories which David Butler and others have been turning out for the firm. The present one happens to have been directed by Alfred Werker, who has invested it with a nice plausibility and an observance of the laws of cause and effect. The picture, incidentally, doesn't utter a sound.

HERTZ WINS PLAUDITS OF CROWD
Conductor from North Presents Weighty Program for Last Pair
BY ISABEL MORSE JONES
The last Philharmonic symphony program of the season was played at the auditorium last night with Alfred Hertz of San Francisco as guest conductor receiving a rousing welcome from a large audience. The program might be said to consist of novelties. Beginning with the Bach-Wood suite, which has only been heard here at the Bowl, Stravinsky's "Firebird" attracted especial interest and the concert concluded with a first performance in Los Angeles of Tchaikovsky's Manfred symphony.

Special Festive Premiere Set
Both the Metro-Goldwyn-Mayer studios and West Coast Theaters announce that the premiere of Norma Shearer's first talking picture, "The Trial of Mary Dugan," based on the stage play, will be a formal function with reserved seats at advanced prices. "The Trial of Mary Dugan" will open its engagement May 3 at the Fox Criterion Theater.

Will Hear Actor
Co-eds of the University of Southern California and the University of California at Los Angeles will turn out tonight to honor Mary Pickford at the United Artists Theater on Sorority Night.
